NOTES ON NEWS OF THE DAY.

THE last Republican to vote should be on hand before 4 o'clock.

THE increase of registration in Buffalo was 11,181, two-thirds of it in Republican wards. Buffalo's vote is going to be an astonisher.

THE air is full of reports of desertions of Cleveland. If we may believe them, he has been traded off by wholesale in New York and Indiana.

WHATEVER the result may be to-day, be a good citizen. The most disastrous effect can be largely discounted by the man who does his best.

THE yellow fever still scourges Jacksonville. The deaths yesterday numbered two and the new cases 39. The death list has reached 366 and the sick list 4,336.

JAMES G. BLAINE went from New York to Augusta last night in order to vote. Benjamin Harrison voted in Indianapolis this morning. Grover Cleveland did not vote. Ditto Jeff. Davis.

Now let betting men prepare to settle their accounts. Somebody is going to be made unhappy, and somebody else is going to get money that he has not earned. Betting on election is bad business, and it is to be regretted that the law is not enforced.

JUDGE INGALLS yesterday found 500 more falsely registered names on the Troy lists and ordered them removed. Altogether 2,200 names have been erased in Troy, and over 3,000 in Albany, Cohoes and West Troy. They were all placed there by Democrats.

LORD SACKVILLE is going to Canada for a short visit. The *Tribune's* London correspondent has obtained ample proofs that the pretended dismissal of Sackville was the result of a bargain between Cleveland and Lord Salisbury. Sackville is not going home during his "leave of absence."

THE election news from Indiana is to be sent forward with especial rapidity in lots of twenty precincts. There are 1,773 precincts in the state. The comparison will be made with the vote of 1884. Indiana expects to decide the election, and either negative the electoral vote of New York or make it a surplusage.

WARNER MILLER closed the campaign last night at Herkimer, his home, by addressing a meeting in the Opera House. The crowd was so large that thousands were turned away. Herkimer is a close county like Chemung. It will be interesting to compare Miller's majority in the former with Hill's in the latter when the returns are in.

FIVE New York Democrats were arrested yesterday for illegal registration, and one of them, Samuel Ray, a youth of 21, was promptly put on trial before Judge Martine, convicted, and sentenced to 2 years and 4 months in state prison. The others were committed for trial in default of $2,000 bail.

GENERAL HARRISON'S last campaign speech was to a delegation of ladies and gentlemen from Terre Haute last night. They presented him with a miniature silver mounted plush chair, which was labeled "Presidential chair." The General's speech was about two minutes long, and there were no politics in it.

CHAUNCEY M. DEPEW made a political speech at Peekskill last night. This he has done for years on the evening before election. The meeting last night was the largest and most enthusiastic ever seen in the village. This explains why the Democratic majority has disappeared. The town of Cortlandt gave Hancock 172 majority in 1880. But in 1884 it changed its majority to 130 for Blaine. Last year this majority swelled to 572 for Grant.

SENATOR MATTHEW S. QUAY has proved his mettle in the canvass. He is the ugliest customer that the Democratic bosses ever ran up against. He is withal so quiet that they cannot understand him. They have tried to invent pretexts on which to arrest him, but he has acted as though he never heard of it. He brought a clean reputation to New York. This annoys Barnum, Brice and Higgins. They can't imagine how he got it and kept it.

THE tramp who knocked at the door of a powder magazine at Shannopin near Pittsburg yesterday, and exploded three tons of nitro-glycerine, is still missing. The forest of large trees that surrounded the magazine is absent also, save that the huge trunks lie scattered in all directions, broken, twisted and split. The hole in the ground dug by the explosion was 100 feet deep but the sides have since been caving in. Rocks weighing tons were ground to powder. The tramp's knock was a boo merang.

GOV. HILL'S campaign in Elmira wound up in the old-fashioned way. Joseph Eustace, his Military Secretary, was arrested yesterday for tampering with the registry, and there was serious talk for a time of arresting Hill himself for bribery. Money was paid for votes openly and boastfully. One of Hill's office holders, who was interested in an Elmira bagnio before the Governor called him to Albany, walked about the streets with a "woman of the town" on his arm, and marching into a store with a big roll of bills in his hand, paid for the purchases made by her, amounting to over $100. This man afterwards got drunk and confessed that the money was a part of the corruption fund raised by the brewers and saloon men.

GOV. HILL said a few days ago that the Democrats of New York would be justified in taking possession of the polls and holding them till all of their votes were in. Judge Barrett promptly sat down upon this opinion by deciding that every vote must be in and the polls closed at four o'clock. Last Saturday Attorney General Tabor, a handy tool of the Governor, and probably the most incompetent lawyer that ever held the office, wrote an opinion to the effect that a voter could vote all day, depositing one ballot at a time, and then returning to cast another. Yesterday Judge Lawrence blighted this extraordinary opinion by deciding that all the ballots must be voted at once; in other words, that the voter cannot return to the polls after having voted part of the tickets and departed. Hill law is very useful for scoundrels intent on fraud, but it is good for nothing in court.

Telegrams from all points in the country to THE FREEMAN show that the election, as a rule, has passed off quietly. In a number of points in this State Hill is said to have polled more votes than Cleveland. Whether or not that is true will be learned four hours hence. Features of the election follow:

White River Junction, Vt.—Fine and warm.
New-Haven—The weather all over the State is cloudy and threatening. It rained some during the night and is now warm.
Springfield, Mass.—Cloudy and warm with prospects of clearing up.

Chicago—United States Signal Service advices are to the effect that the weather is cloudy throughout the states of Illinois and Indiana. This City is overhung by heavy, unbroken clouds which threaten rain.

Buffalo—Rain began to fall at 8 A. M., but soon ceased, and the prospect now is that there will be nothing more than light showers during the day. A heavy vote is being cast in nearly all the election districts, and the Republicans are very confident of increasing the majority of 1884, when Blaine received 1,053 more votes in the City than Cleveland, and 1,490 majority in Erie County.

Syracuse, N. Y.—At noon the weather was cloudy but mild. A very large vote has been polled. The indications are favorable to the Republican electoral ticket. There is considerable cutting of Miller. Several arrests were made, this forenoon, for illegal voting.

Worcester, Mass.—A light rain fell during the night, followed this morning by heavy clouds. It was damp and misty.

Rochester—At 12 o'clock the weather was cloudy and warm. The voting has been heavy. All saloons in the City are closed. All the Democratic workers are at the polls, and the Republicans are also hard at work. Harrison will probably carry this county by 2,500 majority. Blaine carried it by over 5,000. Governor Hill is running ahead of his ticket all over the City.

Philadelphia, Pa.—Election day opened foggy and misty in this City but by 10 o'clock the sky had cleared and the sun shone bright. With indications of clear weather throughout the State and the unusual interest manifested there is every prospect of a heavy vote.

Omaha, Neb.—The weather all over Nebraska is magnificent. The morning was the coldest of the season so far but by 9 o'clock a warm wave swept over the State. A better day for getting out the full vote could not have been asked.

Jacksonville, Fla.—The weather is cloudy and threatening rain.

INCIDENTS IN NEW-YORK CITY.

By Telegraph to The Freeman.

NEW-YORK, Nov. 6.—The election to-day is being very quietly carried on in this City. The political workers were at the polls early, and by 9 o'clock a large number of votes had been taken. Promptly at 6 o'clock the polling places were opened. All the banks, mercantile houses and public offices were closed. To get the vote out early a novel plan was adopted by the Democrats and Republicans. Buglers and bell-ringers were sent through the election precincts before the polls opened to wake the people up. The polls at the Seventh Election District of the Fifth Assembly District, at No. 126, Varick-street were not opened up to 9 o'clock this morning. This is a strong Democratic district. One of the Inspectors was intoxicated, and another was absent. Police Captain Thompson called at the Bureau of Elections three times to report the case. John J. O'Brien, the clerk of the Bureau, did not put in an appearance until after 9 o'clock. Finally a voter notified the Police Commissioners, and the Board immediately went into session and made appointments to fill the places of the absentees.

In the Tenth Election District of the Eleventh Assembly District there was also trouble. The poll clerks did not appear and the polls were not opened until 8 o'clock. This matter was also referred to the Police Commissioners and new clerks were appointed. It is feared this delay will prevent a number of voters from casting their ballots. Both polling places have a large registered list, and it will take pretty lively work to get all the votes in by 4 o'clock.

In some of the precincts votes were received at the rate of one a minute. Two police patrol wagons were kept at police headquarters all day ready for prompt service. In the First Assembly District, which is known as the Democratic banner district, the voting was heavy this morning. It was reported that the Tammany ticket was running ahead and that Hugh J. Grant, the candidate for Mayor, was running ahead of his ticket.

The Labor party claim that in this First District James J. Coogan will poll more votes for Mayor than Henry George did. Quite a number of arrests were made for various causes, some were held for trial, while others were discharged.

The Republicans of the Thirteenth Assembly District are said to be selling out Frederick S. Gibbs, the candidate for Assembly. No Gibbs tickets were distributed by the workers to the voters in many of the election districts. Coogan is running strongly in the Labor localities.

The County Democracy adherents claim that Abram S. Hewitt, their candidate for Mayor, is polling a larger vote than he did when he was elected two years ago.

The fight for Congress in the Fourth Assembly District is between Timothy J. Campbell and ex-Judge McCarthy. At noon the general impression was that McCarthy would be elected. It was reported that the Tammany Hall people in the Thirty-first Election District of the Ninth Assembly District were selling out Cleveland for Grant. A Committee from the National Democratic Headquarters made an investigation, and one of the members afterwards reported that the cutting had been stopped.

The *Evening Telegram* says the County Democracy candidates are undoubtedly using the knife on the National ticket. Reports reach the *Telegram* from many quarters to prove beyond all question that rank treachery to Cleveland is in the air. Open charges of treachery are made against Thomas Costigan, Ex-Commissioner Mitchell, Timothy Campbell and John Cavanagh, the two latter candidates for Congress. In the Twenty-second Assembly District the polling places showed an enormous vote up to noon. In some places where over a thousand citizens had registered the line of voters extended for over three blocks. There will be no disfranchisement in the Tenth, Twelfth or Fourteenth Assembly districts on account of the early closing of the polls, as although the registration was heavy the voting was early and in many of the polling places two-thirds had voted before noon.

John Schmidt, a boarding house keeper, was arrested by United States Marshal Straus, this morning. Straus testified that he saw Schmidt give two men two dollars each for the purpose of influencing their votes. Schmidt was held in $1,500 bail for trial. United States Commissioners Duell and Shields had their hands full all the morning listening to charges made against illegal voters. The most notable case was that of Patrick Sweeney, an employe of the United States Printing Office at Washington, who was arrested and brought before Commissioner Shield charged with giving a false address. He was paroled for examination. In the Twenty-third Ward, at the corner of One Hundred and Seventy-seventh-street and Washington avenue, a small riot occurred this morning. A crowd of toughs swooped down upon the Tammany Hall booths and attempted to knock them over and destroy the tickets. A row followed and a number of heads were smashed. The police arrived just in time to prevent serious trouble. At the Elizabeth-street station house 100 arrests had been made up to noon by the police for illegal voting.

AT GENERAL HARRISON'S HOME.

By Telegraph to The Freeman.

INDIANAPOLIS, Ind., Nov. 6.—The day opened with a cold, drizzling rain which at 10 o'clock showed no signs of abatement. A cold wind set in, making it all in all the most disagreeable day of the season thus far. In the working precincts of the City, where the heavy Democratic vote is cast, the polls were opened at 6 o'clock by petition. At the other precincts 8 o'clock was the opening hour. In the second precinct of General Harrison's ward 100 votes were cast in the first hour out of a total vote in 1884 of 358. The voting at other precincts is almost as heavy. Large crowds surrounded all the voting places. A great deal of challenging was done, but everything is quiet. The business streets of the City present a deserted appearance.

Toward 11 o'clock the rain ceased and there were signs of clearing, but the atmosphere is damp and the streets sloppy. Reports of many arrests are coming in, both sides swearing out warrants charging attempts to commit fraud.

GENERAL HARRISON VOTES.

At 10:30 there was a crowd of about 1,000 standing around and within the livery stable on Seventh-street, where the citizens of the Third Precinct of the Second Ward voted. The rain had ceased shortly before. Two men wearing fall overcoats with collars turned up walked quietly along Seventh-street and entered the polling place. It was General Harrison and his son Russell. The distance from their residence to the polling place is three and a half squares. The chute being open when the General arrived he walked up to the window, and in the quietest possible manner handed in his ballot. As the inspector dropped the paper in the box he called out the name, "Benjamin Harrison," and the clerks responded, "number 237," signifying the number of ballots cast up to that hour. As this precinct only cast 302 votes in 1884 and 357 in 1886, it will be seen that over two-thirds of the vote was in to-day at 10:30. Russell Harrison did not vote, being a native of Montana. After the General had voted, the crowd gathered about him and a short season of hand-shaking took place. Among those who greeted him were H. D. Pierce, nephew of the late Vice-President Hendricks, and W. O. Devay, a prominent business man and Democrat. After remaining about 20 minutes and chatting familiarly with a score or more of acquaintances the General and his son returned to the house. The General seemed in excellent spirits. If he felt anxious over this eventful day's work not a shadow of it was shown on his smiling countenance. Around the General's residence everything is very quiet. No serious disturbances have been reported up to noon, but there came near being a fight at the First Precinct of the Fourth Ward at 11 o'clock, when Chief Deputy Marshal O'Key arrested a colored man named Augustus Stewart, charging him with being an illegal voter. This is a strong colored precinct, and there was a demand made by one of the colored bystanders to know the grounds of the charge against Stewart. He was supported by several others, who demanded to see the warrant, whereupon Chief Marshal O'Key and his six deputies drew their revolvers, and surrounding the prisoner, carried him away.

POINTERS FROM PLACES FAR APART.

By Telegraph to The Freeman.

Watertown, N. Y. Nov 6.—In Watertown the vote is unprecedented. Never before has such a considerable proportion of the total vote been cast by noon. There is a great silent vote the character of which is known only to the individuals who cast it. The weather is cloudy with occasional drops of rain.

ELMIRA, N. Y.—The vote is light for a Presidential year. No trouble at the polls except in the Fifth Ward where an arrest was made for attempted bribery.

Jersey City, N. J.—The polling here is very heavy. Three men have been arrested for illegal voting.

Hartford, Conn.—A very large vote is being polled quietly and steadily.

Kansas City—The Fifth Ward in Wyandotte was the scene of much confusion this morning. Mayor Hannan appointed Judges contrary to the approval of the Council. Councilman Hilliker refused to allow the polls to be opened, and at 8 o'clock a general row occurred, which resulted in the police taking charge of the ballot box. The result has not yet been determined. The ward is Republican.

Ithaca, N. Y.—The weather is warm and cloudy. A full vote is being polled. Both parties claim a small majority in this City, but the County will give Harrison from 600 to 900 majority.

Gravesend, L. I.—The election is passing off very quietly. A heavy vote is being polled, 923 ballots having been deposited before noon. The McKane Democrats are voting the straight Republican ticket except for County Register, and instead of the usual Democratic majority the town will undoubtedly go for Harrison and Miller. Hill is being badly cut and will run behind the rest of the ticket.

Newark, N. J.—The election is going on quietly and a full vote is being polled. A few arrests have been made for illegal voting. The indications are that the County will be close on the National candidates.

Wilmington, Del.—Secretary Bayard reached his Wilmington home last night and voted in the Eleventh Ward.

Columbus, Ohio—Reports thus far received from the States show a big vote being cast, the vote promising to be unprecedented.

Norfolk, Va.—More interest is shown by both parties than in any election for years. The colored people are out in their full strength.

Binghamton—Fully two-thirds of the City's vote was polled at noon. Unusual interest is manifested. The City will be Democratic without doubt. J. H. Blakeney, the Labor candidate for Lieutenant-Governor, whose home is here, estimates that he will receive about two dozen complimentary votes in the City. The Prohibitionists are making no effort, many of them voting the Democratic and National ticket.

Auburn—Unusual interest and activity is manifested at Auburn's 10 polling places today. The number of workers at the polls is greater than ever before. Many wards had cast two-thirds of their total vote at noon.

Brooklyn—The vote of this City was practically polled at 1 P. M. Great interest is felt in the contest, but everything is quiet.

Providence, R. I.—At 3 P. M. the City vote with one ward lacking was: Harrison, 5,364; Cleveland, 3,969, Fisk, 332. Four years ago at this hour the vote was: Blaine, 5,617; Cleveland, 3,398; scattering, 306.

DEMOCRATS GIVE UP SCHENECTADY.

By Telegraph to The Freeman.

SCHENECTADY, N. Y., Nov. 6.—The weather up to 1 o'clock to-day has been warm and very pleasant. The vote is the largest that has ever been polled at any election in this County at that hour. The Democrats have conceded the County to Harrison by 500, and there is no doubt that Yates, [Republican] for Assembly, will be elected by a good majority. There is no Labor ticket in the field.

DESPERATE FIGHT AMONG CHINAMEN.

Highbinders Attempt to Rob a Disreputable Chinese House in San Francisco.

By Telegraph to The Freeman.

SAN FRANCISCO, Nov. 6.—A desperate fight occurred in a disreputable Chinese house yesterday, between the proprietor and a gang of Highbinders, who attempted to rob the place. The Highbinders got a confederate to sleep in the place and admit them. Chin, the Highbinder leader, threw red pepper into the eyes of the woman at the door, beat the wife of the proprietor over the head with an iron bar, and badly wounded the proprietor. Wong Too, who was left as guard at the rear door to prevent the escape of the inmates, tried to shoot Wong Gong, who appeared at the window ready to jump. Gong procured a rifle and shot the Highbinder twice, inflicting wounds from which he died in a few minutes. The police arrested all of the parties. The raid grew out of the failure of the brothel keepers to pay blackmail to the Highbinders.

A DISASTROUS FIRE AT HAVERHILL.

The City Hall Completely Gutted and Other Buildings Damaged.

By Telegraph to The Freeman.

HAVERHILL, Mass., Nov. 6.—This forenoon a fire started in the City Hall here. The flames communicated to the Methodist meeting house, the Haverhill hat factory, the Congregational Church and a large saw mill. The City Hall was completely gutted. The other buildings were badly damaged. The loss is heavy.

THE SAVAGE WAY.

How the Indian Treats an Injury—Old-Time Methods.

The savage is emphatically the child of nature. He lives close to nature; his only education is gained in nature's school.

When the Indian receives an injury, he does not seek a cure in mineral poisons, but binds on the simple leaf, administers the herbal tea, and with nature's aid, comes natural recovery.

Our rugged ancestors, who pierced the wilderness, built their uncouth but comfortable Log Cabins and started the clearings in the woods, which in time became the broad, fertile fields of the modern farmer, found in roots and herbs that lay close at hand nature's potent remedies for all their common ailments. It was only in very serious cases they sent for old "saddle-bags" with his physic, which quite as often killed as cured.

Latter day society has wandered too far away from nature, in every way, for its own good. Our grandfathers and grandmothers lived wholesomer, purer, better, healthier, more natural lives than we do. Their minds were not filled with noxious isms, nor their bodies saturated with poisonous drugs.

Is it not time to make a change, to return to the simple vegetable preparations of our grandmothers, which contained the power and potency of nature as remedial agents, and in all the ordinary ailments were efficacious, at least harmless?

The proprietors of Warner's Log Cabin remedies have thought so, and have put on the market a number of these pure vegetable preparations, made from formulas secured after patient searching into the annals of the past, so that those who want them need not be without them.

Among these Log Cabin remedies will be found "Log Cabin sarsaparilla," for the blood; "Log Cabin hops and buchu remedy," a tonic and stomach remedy; "Log Cabin cough and consumption remedy," "Log Cabin hair tonic," for strengthening and renewing the hair; "Log Cabin extract" for both external and internal application; "Log Cabin liver pills;" "Log Cabin rose cream," an old but effective remedy for catarrh, and "Log Cabin plasters." All these remedies are carefully prepared from recipes which were found, after long investigation, to have been those most successfully used by our grandmothers of "ye olden time." They are the simple, vegetable, efficacious remedies of Log Cabin days.

NIGHT and DAY CALLS

Promptly and Personally Attended To.

NOTES ON NEWS OF THE DAY.

THE last Republican to vote should be on hand before 4 o'clock.

THE increase of registration in Buffalo was 11,181, two-thirds of it in Republican wards. Buffalo's vote is going to be an astonisher.

THE air is full of reports of desertions of Cleveland. If we may believe them, he has been traded off by wholesale in New York and Indiana.

WHATEVER the result may be to-day, be a good citizen. The most disastrous effect can be largely discounted by the man who does his best.

THE yellow fever still scourges Jacksonville. The deaths yesterday numbered two and the new cases 39. The death list has reached 366 and the sick list 4,326.

JAMES G. BLAINE went from New York to Augusta last night in order to vote. Benjamin Harrison voted in Indianapolis this morning. Grover Cleveland did not vote. Ditto Jeff. Davis.

Now let betting men prepare to settle their accounts. Somebody is going to be made unhappy, and somebody else is going to get money that he has not earned. Betting on election is bad business, and it is to be regretted that the law is not enforced.

JUDGE INGALLS yesterday found 500 more falsely registered names on the Troy lists and ordered them removed. Altogether 2,200 names have been erased in Troy, and over 3,000 in Albany, Cohoes and West Troy. They were all placed there by Democrats.

LORD SACKVILLE is going to Canada for a short visit. The *Tribune's* London correspondent has obtained ample proofs that the pretended dismissal of Sackville was the result of a bargain between Cleveland and Lord Salisbury. Sackville is not going home during his "leave of absence."

THE election news from Indiana is to be sent forward with especial rapidity in lots of twenty precincts. There are 1,773 precincts in the state. The comparison will be made with the vote of 1884 Indiana expects to decide the election, and either negative the electoral vote of New York or make it a surplusage.

WARNER MILLER closed the campaign last night at Herkimer, his home, by addressing a meeting in the Opera House. The crowd was so large that thousands were turned away. Herkimer is a close county like Chemung. It will be interesting to compare Miller's majority in the former with Hill's in the latter when the returns are in.

FIVE New York Democrats were arrested yesterday for illegal registration, and one of them, Samuel Ray, a youth of 21, was promptly put on trial before Judge Martine, convicted, and sentenced to 2 years and 4 months in state prison. The others were committed for trial in default of $2,000 bail.

GENERAL HARRISON'S last campaign speech was to a delegation of ladies and gentlemen from Terre Haute last night. They presented him with a miniature silver mounted plush chair, which was labeled "Presidential chair." The General's speech was about two minutes long, and there were no politics in it.

CHAUNCEY M. DEPEW made a political speech at Peekskill last night. This he has done for years on the evening before election. The meeting last night was the largest and most enthusiastic ever seen in the village. This explains why the Democratic majority has disappeared. The town of Cortlandt gave Hancock 172 majority in 1880. But in 1884 it changed its majority to 130 for Blaine. Last year this majority swelled to 572 for Grant.

SENATOR MATTHEW S. QUAY has proved his mettle in the canvass. He is the ugliest customer that the Democratic bosses ever ran up against. He is withal so quiet that they cannot understand him. They have tried to invent pretexts on which to arrest him, but he has acted as though he never heard of it. He brought a clean reputation to New York. This annoys Barnum, Brice and Higgins. They can't imagine how he got it and kept it.

THE tramp who knocked at the door of a powder magazine at Shannopin near Pittsburg yesterday, and exploded three tons of nitro-glycerine, is still missing. The forest of large trees that surrounded the magazine is absent also, save that the huge trunks lie scattered in all directions, broken, twisted and split. The hole in the ground dug by the explosion was 100 feet deep but the sides have since been caving in. Rocks weighing tons were ground to powder. The tramp's knock was a boo merang.

GOV. HILL'S campaign in Elmira wound up in the old-fashioned way. Joseph Eustace, his Military Secretary, was arrested yesterday for tampering with the registry, and there was serious talk for a time of arresting Hill himself for bribery. Money was paid for votes openly and boastfully. One of Hill's office holders, who was interested in an Elmira bagnio before the Governor called him to Albany, walked about the streets with a "woman of the town" on his arm, and marching into a store with a big roll of bills in his hand, paid for the purchases made by her, amounting to over $100. This man afterwards got drunk and confessed that the money was a part of the corruption fund raised by the brewers and saloon men.

GOV. HILL said a few days ago that the Democrats of New York would be justified in taking possession of the polls and holding them till all of their votes were in. Judge Barrett promptly sat down upon this opinion by deciding that every vote must be in and the polls closed at four o'clock. Last Saturday Attorney General Tabor, a handy tool of the Governor, and probably the most incompetent lawyer that ever held the office, wrote an opinion to the effect that a voter could vote all day, depositing one ballot at a time, and then returning to cast another. Yesterday Judge Lawrence blighted this extraordinary opinion by deciding that all the ballots must be voted at once; in other words, that the voter cannot return to the polls after having voted part of the tickets and departed. Hill law is very useful for scoundrels intent on fraud, but it is good for nothing in court.

Telegrams from all points in the country to THE FREEMAN show that the election, as a rule, has passed off quietly. In a number of points in this State Hill is said to have polled more votes than Cleveland. Whether or not that is true will be learned four hours hence. Features of the election follow:

Manchester, N. H.—Clear and bright.
White River Junction, Vt.—Fine and warm.
New-Haven—The weather all over the State is cloudy and threatening. It rained some during the night and is now warm.
Springfield, Mass.—Cloudy and warm with prospects of clearing up.
Chicago—United States Signal Service advices are to the effect that the weather is cloudy throughout the states of Illinois and Indiana. This City is overhung by heavy, unbroken clouds which threaten rain.
Buffalo—Rain began to fall at 8 A. M., but soon ceased, and the prospect now is that there will be nothing more than light showers during the day. A heavy vote is being cast in nearly all the election districts, and the Republicans are very confident of increasing the majority of 1884, when Blaine received 1,053 more votes in the City than Cleveland, and 1,490 majority in Erie County.
Syracuse, N. Y.—At noon the weather was cloudy but mild. A very large vote has been polled. The indications are favorable to the Republican electoral ticket. There is considerable cutting of Miller. Several arrests were made, this forenoon, for illegal voting.
Worcester, Mass.—A light rain fell during the night, followed this morning by heavy clouds. It was damp and misty.
Rochester—At 12 o'clock the weather was cloudy and warm. The voting has been heavy. All saloons in the City are closed. All the Democratic workers are at the polls, and the Republicans are also hard at work. Harrison will probably carry this county by 2,500 majority. Blaine carried it by over 5,000. Governor Hill is running ahead of his ticket all over the City.
Philadelphia, Pa.—Election day opened foggy and misty in this City but by 10 o'clock the sky had cleared and the sun shone bright. With indications of clear weather throughout the State and the unusual interest manifested there is every prospect of a heavy vote.
Omaha, Neb.—The weather all over Nebraska is magnificent. The morning was the coldest of the season so far but by 9 o'clock a warm wave swept over the State. A better day for getting out the full vote could not have been asked.
Jacksonville, Fla.—The weather is cloudy and threatening rain.

INCIDENTS IN NEW-YORK CITY.

By Telegraph to The Freeman.

NEW-YORK, Nov. 6.—The election to-day is being very quietly carried on in this City. The political workers were at the polls early, and by 9 o'clock a large number of votes had been taken. Promptly at 6 o'clock the polling places were opened. All the banks, mercantile houses and public offices were closed. To get the vote out early a novel plan was adopted by the Democrats and Republicans. Buglers and bell-ringers were sent through the election precincts before the polls opened to wake the people up. The polls at the Seventh Election District of the Fifth Assembly District, at No. 126, Varick-street were not opened up to 9 o'clock this morning. This is a strong Democratic district. One of the Inspectors was intoxicated, and another was absent. Police Captain Thompson called at the Bureau of Elections three times to report the case. John J. O'Brien, the clerk of the Bureau, did not put in an appearance until after 9 o'clock. Finally a voter notified the Police Commissioners, and the Board immediately went into session and made appointments to fill the places of the absentees.

In the Tenth Election District of the Eleventh Assembly District there was also trouble. The poll clerks did not appear and the polls were not opened until 8 o'clock. This matter was also referred to the Police Commissioners and new clerks were appointed. It is feared this delay will prevent a number of voters from casting their ballots. Both polling places have a large registered list, and it will take pretty lively work to get all the votes in by 4 o'clock.

In some of the precincts votes were received at the rate of one a minute. Two police patrol wagons were kept at police headquarters all day ready for prompt service. In the First Assembly District, which is known as the Democratic banner district, the voting was heavy this morning. It was reported that the Tammany ticket was running ahead and that Hugh J. Grant, the candidate for Mayor, was running ahead of his ticket.

The Labor party claim that in this First District James J. Coogan will poll more votes for Mayor than Henry George did. Quite a number of arrests were made for various causes, some were held for trial, while others were discharged.

The Republicans of the Thirteenth Assembly District are said to be selling out Frederick S. Gibbs, the candidate for Assembly. No Gibbs tickets were distributed by the workers to the voters in many of the election districts. Coogan is running strongly in the Labor localities.

The County Democracy adherents claim that Abram S. Hewitt, their candidate for Mayor, is polling a larger vote than he did when he was elected two years ago.

The fight for Congress in the Fourth Assembly District is between Timothy J. Campbell and ex-Judge McCarthy. At noon the general impression was that McCarthy would be elected. It was reported that the Tammany Hall people in the Thirty-first Election District of the Ninth Assembly District were selling out Cleveland for Grant. A Committee from the National Democratic Headquarters made an investigation, and one of the members afterwards reported that the cutting had been stopped.

The *Evening Telegram* says the County Democracy candidates are undoubtedly using the knife on the National ticket. Reports reach the *Telegram* from many quarters to prove beyond all question that rank treachery to Cleveland is in the air. Open charges of treachery are made against Thomas Costigan, Ex-Commissioner Mitchell, Timothy Campbell and John Cavanagh, the two latter candidates for Congress. In the Twenty-second Assembly District the polling places showed an enormous vote up to noon. In some places where over a thousand citizens had registered the line of voters extended for over three blocks. There will be no disfranchisement in the Tenth, Twelfth or Fourteenth Assembly districts on account of the early closing of the polls, as although the registration was heavy the voting was early and in many of the polling places two-thirds had voted before noon.

John Schmidt, a boarding house keeper, was arrested by United States Marshal Straus, this morning. Straus testified that he saw Schmidt give two men two dollars each for the purpose of influencing their votes. Schmidt was held in $1,500 bail for trial. United States Commissioners Duell and Shields had their hands full all the morning listening to charges made against illegal voters. The most notable case was that of Patrick Sweeney, an employe of the United States Printing Office at Washington, who was arrested and brought before Commissioner Shield charged with giving a false address. He was paroled for examination. In the Twenty-third Ward, at the corner of One Hundred and Seventy-seventh-street and Washington-avenue, a small riot occurred this morning. A crowd of toughs swooped down upon the Tammany Hall booths and attempted to knock them over and destroy the tickets. A row followed and a number of heads were smashed. The police arrived just in time to prevent serious trouble. At the Elizabeth-street station house 100 arrests had been made up to noon by the police for illegal voting.

AT GENERAL HARRISON'S HOME.

By Telegraph to The Freeman.

INDIANAPOLIS, Ind., Nov. 6.—The day opened with a cold, drizzling rain which at 10 o'clock showed no signs of abatement. A cold wind set in, making it all in all the most disagreeable day of the season thus far. In the working precincts of the City, where the heavy Democratic vote is cast, the polls were opened at 6 o'clock by petition. At the other precincts 8 o'clock was the opening hour. In the second precinct of General Harrison's ward 100 votes were cast in the first hour out of a total vote in 1884 of 358. The voting at other precincts is almost as heavy. Large crowds surrounded all the voting places. A great deal of challenging was done, but everything is quiet. The business streets of the City present a deserted appearance.

Toward 11 o'clock the rain ceased and there were signs of clearing, but the atmosphere is damp and the streets sloppy. Reports of many arrests are coming in, both sides swearing out warrants charging attempts to commit fraud.

GENERAL HARRISON VOTES.

At 10:30 there was a crowd of about 1,000 standing around and within the livery stable on Seventh-street, where the citizens of the Third Precinct of the Second Ward voted. The rain had ceased shortly before. Two men wearing fall overcoats with collars turned up walked quietly along Seventh-street and entered the polling place. It was General Harrison and his son Russell. The distance from their residence to the polling place is three and a half squares. The chute being open when the General arrived he walked up to the window, and in the quietest possible manner handed in his ballot. As the inspector dropped the paper in the box he called out the name, "Benjamin Harrison," and the clerks responded, "number 237," signifying the number of ballots cast up to that hour. As this precinct only cast 302 votes in 1884 and 357 in 1886, it will be seen that over two-thirds of the vote was in to-day at 10:30. Russell Harrison did not vote, being a native of Montana. After the General had voted, the crowd gathered about him and a short season of hand-shaking took place. Among those who greeted him were H. D. Pierce, nephew of the late Vice-President Hendricks, and W. O. Devay, a prominent business man and Democrat. After remaining about 20 minutes and chatting familiarly with a score or more of acquaintances the General and his son returned to the house. The General seemed in excellent spirits. If he felt anxious over this eventful day's work not a shadow of it was shown on his smiling countenance. Around the General's residence everything is very quiet. No serious disturbances have been reported up to noon, but there came came near being a fight at the First Precinct of the Fourth Ward at 11 o'clock, when Chief Deputy Marshal O'Key arrested a colored man named Augustus Stewart, charging him with being an illegal voter. This is a strong colored precinct, and there was a demand made by one of the colored bystanders to know the grounds of the charge against Stewart. He was supported by several others, who demanded to see the warrant, whereupon Chief Marshal O'Key and his six deputies drew their revolvers, and surrounding the prisoner, carried him away.

POINTERS FROM PLACES FAR APART.

By Telegraph to The Freeman.

Watertown, N. Y. Nov 6.—In Watertown the vote is unprecedented. Never before has such a considerable proportion of the total vote been cast by noon. There is a great silent vote the character of which is known only to the individuals who cast it. The weather is cloudy with occasional drops of rain.

ELMIRA, N. Y.—The vote is light for a Presidential year. No trouble at the polls except in the Fifth Ward where an arrest was made for attempted bribery.

Jersey City, N. J.—The polling here is very heavy. Three men have been arrested for illegal voting.

Hartford, Conn.—A very large vote is being polled quietly and steadily.

Kansas City—The Fifth Ward in Wyandotte was the scene of much confusion this morning. Mayor Hannan appointed Judges contrary to the approval of the Council. Councilman Hilliker refused to allow the polls to be opened, and at 8 o'clock a general row occurred, which resulted in the police taking charge of the ballot-box. The result has not yet been determined. The ward is Republican.

Ithaca, N. Y.—The weather is warm and cloudy. A full vote is being polled. Both parties claim a small majority in this City, but the County will give Harrison from 600 to 900 majority.

Gravesend, L. I.—The election is passing off very quietly. A heavy vote is being polled, 923 ballots having been deposited before noon. The McKane Democrats are voting the straight Republican ticket except for County Register, and instead of the usual Democratic majority the town will undoubtedly go for Harrison and Miller. Hill is being badly cut and will run behind the rest of the ticket.

Newark, N. J.—The election is going on quietly and a full vote is being polled. A few arrests have been made for illegal voting. The indications are that the County will be close on the National candidates.

Wilmington, Del.—Secretary Bayard reached his Wilmington home last night and voted in the Eleventh Ward.

Columbus, Ohio—Reports thus far received from the States show a big vote being cast, the vote promising to be unprecedented.

Norfolk, Va.—More interest is shown by both parties than in any election for years. The colored people are out in their full strength.

Binghamton—Fully two-thirds of the City's vote was polled at noon. Unusual interest is manifested. The City will be Democratic without doubt. J. H. Blakeney, the Labor candidate for Lieutenant-Governor, whose home is here, estimates that he will receive about two dozen complimentary votes in the City. The Prohibitionists are making no effort, many of them voting the Democratic and National ticket.

Auburn—Unusual interest and activity is manifested at Auburn's 10 polling places today. The number of workers at the polls is greater than ever before. Many wards had cast two-thirds of their total vote at noon.

Brooklyn—The vote of this City was practically polled at 1 P. M. Great interest is felt in the contest, but everything is quiet.

Providence, R. I.—At 3 P. M. the City vote with one ward lacking was: Harrison, 5,364; Cleveland, 3,969, Fisk, 332. Four years ago at this hour the vote was: Blaine, 5,617; Cleveland, 3,398; scattering, 306.

DEMOCRATS GIVE UP SCHENECTADY.

By Telegraph to The Freeman.

SCHENECTADY, N. Y., Nov. 6.—The weather up to 1 o'clock to-day has been warm and very pleasant. The vote is the largest that has ever been polled at any election in this County at that hour. The Democrats have conceded the County to Harrison by 500, and there is no doubt that Yates, [Republican] for Assembly, will be elected by a good majority. There is no Labor ticket in the field.

DESPERATE FIGHT AMONG CHINAMEN.

Highbinders Attempt to Rob a Disreputable Chinese House in San Francisco.

By Telegraph to The Freeman.

SAN FRANCISCO, Nov. 6.—A desperate fight occurred in a disreputable Chinese house yesterday, between the proprietor and a gang of Highbinders, who attempted to rob the place. The Highbinders got a confederate to sleep in the place and admit them. Chin, the Highbinder leader, threw red pepper into the eyes of the woman at the door, beat the wife of the proprietor over the head with an iron bar, and badly wounded the proprietor. Wong Too, who was left as guard at the rear door to prevent the escape of the inmates, tried to shoot Wong Gong, who appeared at the window ready to jump. Gong procured a rifle and shot the Highbinder twice, inflicting wounds from which he died in a few minutes. The police arrested all of the parties. The raid grew out of the failure of the brothel keepers to pay blackmail to the Highbinders.

A DISASTROUS FIRE AT HAVERHILL.

The City Hall Completely Gutted and Other Buildings Damaged.

By Telegraph to The Freeman.

HAVERHILL, Mass., Nov. 6.—This forenoon a fire started in the City Hall here. The flames communicated to the Methodist meeting house, the Haverhill hat factory, the Congregational Church and a large saw mill. The City Hall was completely gutted. The other buildings were badly damaged. The loss is heavy.

The prisoners refused to accept freedom at such a price.

THE SAVAGE WAY.

How the Indian Treats an Injury—Old-Time Methods.

The savage is emphatically the child of nature. He lives close to nature; his only education is gained in nature's school.

When the Indian receives an injury, he does not seek a cure in mineral poisons, but binds on the simple leaf, administers the herbal tea, and with nature's aid, comes natural recovery.

Our rugged ancestors, who pierced the wilderness, built their uncouth but comfortable Log Cabins and started the clearings in the woods, which in time became the broad, fertile fields of the modern farmer, found in roots and herbs that lay close at hand nature's potent remedies for all their common ailments. It was only in very serious cases they sent for old "saddle-bags" with his physic, which quite as often killed as cured.

Latter day society has wandered too far away from nature, in every way, for its own good. Our grandfathers and grandmothers lived wholesomer, purer, better, healthier, more natural lives than we do. Their minds were not filled with noxious isms, nor their bodies saturated with poisonous drugs.

Is it not time to make a change, to return to the simple vegetable preparations of our grandmothers, which contained the power and potency of nature as remedial agents, and in all the ordinary ailments were efficacious, at least harmless?

The proprietors of Warner's Log Cabin remedies have thought so, and have put on the market a number of these pure vegetable preparations, made from formulas secured after patient searching into the annals of the past, so that those who want them need not be without them.

Among these Log Cabin remedies will be found "Log Cabin sarsaparilla," for the blood; "Log Cabin hops and buchu remedy," a tonic and stomach remedy; "Log Cabin cough and consumption remedy," "Log Cabin hair tonic," for strengthening and renewing the hair; "Log Cabin extract" for both external and internal application; "Log Cabin liver pills;" "Log Cabin rose cream," an old but effective remedy for catarrh, and "Log Cabin plasters." All these remedies are carefully prepared from recipes which were found, after long investigation, to have been those most successfully used by our grandmothers of "ye olden time." They are the simple, vegetable, efficacious remedies of Log Cabin days.

FOUR AND EIGHT YEARS AGO.

The following tables of majorities for President in 1884 and 1880 will be useful for comparisons when the returns come in. It will be observed that Blaine carried 47 counties and Garfield 46. Blaine gained Chemung and Greene, and lost Oneida, Suffolk and Niagara. He also made gains over Garfield in Albany, Columbia, Delaware, Franklin, Monroe, Putnam, Queens, Saratoga, Schuyler, Seneca, Warren and Yates. Blaine was not considered as strong a candidate as Garfield anywhere, and these gains show an unmistakable Republican growth in the rural counties. Blaine came to the Harlem with a majority of 62,191, and Garfield with 74,939. Cleveland met Blaine at the Harlem with 63,238 majority, and Hancock met Garfield with 53,906. The following are the tables:

Cleveland over Blaine, 1,047.

This tendency towards Republicanism has been continued. In twenty-six counties there were gains for Grant, the Republican candidate for Secretary of State last year, as the following figures will show. The Democratic majorities are marked with a star:

Counties.	Majorities.
Broome	2,403
Cattaraugus	1,804
Clinton	1,228
Columbia	1,062
Erie	2,002
Franklin	1,854

Schuyler	619
Suffolk	847
Sullivan	187
Tioga	1,269
Tompkins	1,048
Ulster	362
Westchester, Dem	*251

The net Republican gain in these counties was 17,479. Grant was defeated by the Republican stay-at-home vote in a few rural counties, and a gain for Cook over Cleveland of about 17,000 in New York, Albany and Monroe. The rural vote is all out to-day. Monroe is herself again, and New York is left to fight the battle for free trade, free whiskey and no Sabbath alone.

OUR CANDIDATES.

The Republican party has been fortunate in its candidates. Gen. Harrison was little known in the East previous to his nomination, and his good fortune in being made the choice of the Republican National Convention was supposed to be due in a large degree to his illustrious ancestry. The veterans of seventy or eighty years, who voted for Harrison in '40, were the first to feel an electric thrill at the mention of his name. Then others began to explore the life of the candidate, and were pleased to learn that he had made a noble record of his own. They found that in spite of his honorable parentage he had begun life poor—as poor as Garfield or Lincoln—and had "worked his way up" by dint of the same unflagging industry and perseverance. Such a fact is always a strong commendation to the masses of the people, and they at once took him into their confidence.

His conduct during the campaign has shown him to be possessed of excellent sense and wonderful self-control. Delegations of thousands of men have thronged upon him every day, coming hundreds of miles to hear his voice and grasp his hand. There was an immense wealth of real heart homage in this, but it neither flattered his vanity nor turned his head. To all of them he made speeches, and these efforts stand among the clearest and ablest discussions of the campaign. Not a subject of interest did he leave untouched, and yet it was impossible to discern from any expression that he was personally interested. On every occasion he has put the issues of the day in advance of himself, and sought to teach the country that measures were of more importance than men in the election. It should also be said that he has not blundered. Political opponents have hung on every word, eager to catch something that could be misconstrued to his prejudice among the people, but they have utterly failed. He has shown the self-mastery and firm equipoise of a true leader. And the result of to-day's work, whatever it may be, cannot change or weaken the verdict that he is an ideal candidate. In victory or in defeat the Republican party will remember his leadership with satisfaction and pride.

And then there is Levi P. Morton, our candidate for the second office in the Nation. Mr. Morton has not thrust himself forward in the canvass. He has shown entire willingness to stand or fall with his party. And yet there has been an inspiring influence in his candidacy among the people in the river counties, where he is reckoned a neighbor and friend. They have felt the impress of his broad intelligence and learned to esteem him for the honorable and successful business career which his candidacy has given them the occasion to study. Among business men his rank is like that of Harrison among public men. Though he has amassed large wealth, there is no stain upon his integrity. He possesses the heart, and has found the time, to be noble, philanthropic and hospitable. He will be remembered for the pleasure that his interest in the campaign has given the people here, long after the asperities of the conflict have been forgotten.

Warner Miller has led his own canvass, as one who felt it a conscientious duty to do his utmost for the improvement of the government of the state. His campaign has been so extensive, reaching out into the remotest localities and settlements, that every voter has has had the opportunity to hear him who wished to do so. And the Republican party is grateful to Warner Miller for doing this work because he has done it so magnificently. He has lifted the party up to a plane on which the best morality can stand and be satisfied. From the advanced position which it has taken under Miller's leadership it will never recede. He has ranged the forces of law, order, decency, temperance and good morals on one side, and henceforth they are to stand together. All honor to Warner Miller for daring to be honest and fearless. It is greater to be a true man than to be Governor.

Cruger and Rumsey have also made good candidates. Their pre-eminent fitness for the places to which they were nominated was at once recognized, and no man has been able to find a flaw in their records and characters. They have held aloof from the strife, as becomes men who expected to be chosen to positions that called for impartial judgment. Their high characters have given strength to the party. The same can be said with equal truth of Charles J. Knapp, nominee for Congress, and our local candidates.

The campaign will be remembered for its cleanness from scandal and its strict attention to vital issues in the state and nation. This good result is to be attributed largely to the selection by the Republican party of men against whom the shafts of slander would have struck and been shattered without inflicting a wound. The Democrats saw this, and called for an avoidance of "personalities." The compact was made and has been honorably kept.

C. G. GUNTHER'S SONS,

ESTABLISHED A. D. 1820.]

184 Fifth-Ave., New-York City.

OFFICE OF THE CLERK OF THE BOARD OF Supervisors of Ulster County, Kingston, N. Y. Notice is hereby given in pursuance of Chapter 83, of the laws of 1861, of the State of New-York, that all persons having claims or accounts against the County of Ulster are required to deposit the same with the Clerk of said County, at his office in the City of Kingston, N. Y., on or before the third day of the next annual session of the Board of Supervisors of said County, commencing at the Court House in Kingston, **NOVEMBER 13TH, 1888**, and in default thereof that such bills or accounts will not be audited at such annual meeting. See Law referred to below. E. B. WALKER, JR., Clerk of the Board of Supervisors.

WHEN AND HOW ACCOUNTS ARE TO BE PRESENTED.

Blanks for the presentation of claims, containing affidavits, etc., required by the Board of Supervisors can be procured of the different Supervisors and Town Clerks, the City Clerk of the City of Kingston and also at the office of the Clerk of the Board of Supervisors. It will be quite necessary for parties having claims against the County of Ulster to make them out on these blanks, as the Board at their last annual session passed a resolution "that the form of oath to be attached to claims hereafter presented to the Board of Supervisors for audit and allowance shall contain a clause 'that no part of the claim has been presented to any previous Board' and in default thereof no such claims shall be audited or allowed."

The act of 1861 (Chap. 83), as amended in 1862 (Chap. 345), provides a time and manner of presenting accounts for audit in certain counties and also provides that the act shall apply to any county the Supervisors of which shall adopt the same. The act is as follows:

"The Supervisors of the counties of Onondaga, Tioga, Oneida, Fulton, Monroe, Broome, Delaware, Cayuga, Orange, Jefferson, Richmond, Livingston, Chenango, Chemung, Ulster, Dutchess, Steuben, Niagara, Columbia and Herkimer, by their clerks, shall provide boxes with suitable inscriptions thereon and with openings in the top, to be kept in the offices of the clerks of said counties and in their charge under lock and key, in which shall be deposited by said clerks all accounts and claims against said counties duly verified according to law; and whenever such boards shall severally for themselves order, the clerks of said boards shall take from said boxes all bills and accounts against said counties, which they shall then file and number and it shall not be lawful for said Boards of Supervisors in any one year to audit as against said counties any other bill or account than such as shall have been deposited in said boxes or otherwise in their possession, upon the morning of the fourth day of the annual meeting of said Board, except bills for the services of Supervisors, their Clerks and Janitors, and except bills for the services or disbursements rendered or made during the session of the Boards." (Id §1).

The above provision applies to all claims whatever their form, which are required by law to be transmitted to the Supervisors for audit, save those specifically excepted. Thus a judgment, although a legal claim upon the county, must be presented. (Burrows vs. Monroe, 23 How. 398.)

The Clerks of the Board of Supervisors of the several counties named in this act shall annually give notice, in at least two of the newspapers published in said counties, of the time of holding the annual meeting of said Boards in each year, to be inserted in said papers at least once in each week for four weeks previous to such meetings and requiring all persons having bills or accounts against the said counties to deposit the same with the County Clerk, duly verified, on or before the third day of the next annual meeting of said Boards and in default thereof that such bills or accounts will not be audited by said annual meetings. (Laws 1861, Chap. 83, §6.

DRUNKENNESS,

OR THE LIQUOR HABIT, POSITIVELY CURED BY ADMINISTERING DR. HAINES' GOLDEN SPECIFIC.

It can be given in a cup of coffee or tea without the knowledge of the person taking it; is absolutely harmless, and will effect a permanent and speedy cure, whether the patient is a moderate drinker or an alcoholic wreck. Thousands of drunkards have been made temperate men who have taken Golden Specific in their coffee without their knowledge and to-day believe they quit drinking of their own free will. It Never Fails. The system once impregnated with the specific, it becomes an utter impossibility for the liquor appetite to exist. For sale by COOPER & HARDENBURGH, Druggists, Kingston, N. Y.

FOUR AND EIGHT YEARS AGO.

The following tables of majorities for President in 1884 and 1880 will be useful for comparisons when the returns come in. It will be observed that Blaine carried 47 counties and Garfield 46. Blaine gained Chemung and Greene, and lost Oneida, Suffolk and Niagara. He also made gains over Garfield in Albany, Columbia, Delaware, Franklin, Monroe, Putnam, Queens, Saratoga, Schuyler, Seneca, Warren and Yates. Blaine was not considered as strong a candidate as Garfield anywhere, and these gains show an unmistakable Republican growth in the rural counties. Blaine came to the Harlem with a majority of 62,191, and Garfield with 74,939. Cleveland met Blaine at the Harlem with 63,238 majority, and Hancock met Garfield with 53,906. The following are the tables:

Cleveland over Blaine, 1,047.

This tendency towards Republicanism has been continued. In twenty-six counties there were gains for Grant, the Republican candidate for Secretary of State last year, as the following figures will show. The Democratic majorities are marked with a star:

Counties.	Majorities.
Broome	2,403
Cattaraugus	1,804
Clinton	1,228
Columbia	1,058
Erie	2,002
Franklin	1,854

Schuyler	619
Suffolk	847
Sullivan	187
Tioga	1,269
Tompkins	1,048
Ulster	362
Westchester, Dem	*251

The net Republican gain in these counties was 17,479. Grant was defeated by the Republican stay-at-home vote in a few rural counties, and a gain for Cook over Cleveland of about 17,000 in New York, Albany and Monroe. The rural vote is all out to-day. Monroe is herself again, and New York is left to fight the battle for free trade, free whiskey and no Sabbath alone.

OUR CANDIDATES.

The Republican party has been fortunate in its candidates. Gen. Harrison was little known in the East previous to his nomination, and his good fortune in being made the choice of the Republican National Convention was supposed to be due in a large degree to his illustrious ancestry. The veterans of seventy or eighty years, who voted for Harrison in '40, were the first to feel an electric thrill at the mention of his name. Then others began to explore the life of the candidate, and were pleased to learn that he had made a noble record of his own. They found that in spite of his honorable parentage he had begun life poor—as poor as Garfield or Lincoln—and had "worked his way up" by dint of the same unflagging industry and perseverance. Such a fact is always a strong commendation to the masses of the people, and they at once took him into their confidence.

His conduct during the campaign has shown him to be possessed of excellent sense and wonderful self-control. Delegations of thousands of men have thronged upon him every day, coming hundreds of miles to hear his voice and grasp his hand. There was an immense wealth of real heart homage in this, but it neither flattered his vanity nor turned his head. To all of them he made speeches, and these efforts stand among the clearest and ablest discussions of the campaign. Not a subject of interest did he leave untouched, and yet it was impossible to discern from any expression that he was personally interested. On every occasion he has put the issues of the day in advance of himself, and sought to teach the country that measures were of more importance than men in the election. It should also be said that he has not blundered. Political opponents have hung on every word, eager to catch something that could be misconstrued to his prejudice among the people, but they have utterly failed. He has shown the self-mastery and firm equipoise of a true leader. And the result of to-day's work, whatever it may be, cannot change or weaken the verdict that he is an ideal candidate. In victory or in defeat the Republican party will remember his leadership with satisfaction and pride.

And then there is Levi P. Morton, our candidate for the second office in the Nation. Mr. Morton has not thrust himself forward in the canvass. He has shown entire willingness to stand or fall with his party. And yet there has been an inspiring influence in his candidacy among the people in the river counties, where he is reckoned a neighbor and friend. They have felt the impress of his broad intelligence and learned to esteem him for the honorable and successful business career which his candidacy has given them the occasion to study. Among business men his rank is like that of Harrison among public men. Though he has amassed large wealth, there is no stain upon his integrity. He possesses the heart, and has found the time, to be noble, philanthropic and hospitable. He will be remembered for the pleasure that his interest in the campaign has given the people here, long after the asperities of the conflict have been forgotten.

Warner Miller has led his own canvass, as one who felt it a conscientious duty to do his utmost for the improvement of the government of the state. His campaign has been so extensive, reaching out into the remotest localities and settlements, that every voter has has had the opportunity to hear him who wished to do so. And the Republican party is grateful to Warner Miller for doing this work because he has done it so magnificently. He has lifted the party up to a plane on which the best morality can stand and be satisfied. From the advanced position which it has taken under Miller's leadership it will never recede. He has ranged the forces of law, order, decency, temperance and good morals on one side, and henceforth they are to stand together. All honor to Warner Miller for daring to be honest and fearless. It is greater to be a true man than to be Governor.

Cruger and Rumsey have also made good candidates. Their pre-eminent fitness for the places to which they were nominated was at once recognized, and no man has been able to find a flaw in their records and characters. They have held aloof from the strife, as becomes men who expected to be chosen to positions that called for impartial judgment. Their high characters have given strength to the party. The same can be said with equal truth of Charles J. Knapp, nominee for Congress, and our local candidates.

The campaign will be remembered for its cleanness from scandal and its strict attention to vital issues in the state and nation. This good result is to be attributed largely to the selection by the Republican party of men against whom the shafts of slander would have struck and been shattered without inflicting a wound. The Democrats saw this, and called for an avoidance of "personalities." The compact was made and has been honorably kept.

ESTABLISHED A. D. 1820.]

184 Fifth-Ave., New-York City.

OFFICE OF THE CLERK OF THE BOARD OF Supervisors of Ulster County, Kingston, N. Y. Notice is hereby given in pursuance of Chapter 83, of the laws of 1861, of the State of New-York, that all persons having claims or accounts against the County of Ulster are required to deposit the same with the Clerk of said County, at his office in the City of Kingston, N. Y., on or before the third day of the next annual session of the Board of Supervisors of said County, commencing at the Court House in Kingston, NOVEMBER 13TH, 1888, and in default thereof that such bills or accounts will not be audited at such annual meeting. See Law referred to below. E. B. WALKER, JR., Clerk of the Board of Supervisors.

WHEN AND HOW ACCOUNTS ARE TO BE PRESENTED.

Blanks for the presentation of claims, containing affidavits, etc., required by the Board of Supervisors can be procured of the different Supervisors and Town Clerks, the City Clerk of the City of Kingston and also at the office of the Clerk of the Board of Supervisors. It will be quite necessary for parties having claims against the County of Ulster to make them out on these blanks, as the Board at their last annual session passed a resolution "that the form of oath to be attached to claims hereafter presented to the Board of Supervisors for audit and allowance shall contain a clause 'that no part of the claim has been presented to any previous Board' and in default thereof no such claims shall be audited or allowed."

The act of 1861 (Chap. 83), as amended in 1862 (Chap. 345), provides a time and manner of presenting accounts for audit in certain counties and also provides that the act shall apply to any county the Supervisors of which shall adopt the same. The act is as follows:

"The Supervisors of the counties of Onondaga, Tioga, Oneida, Fulton, Monroe, Broome, Delaware, Cayuga, Orange, Jefferson, Richmond, Livingston, Chenango, Chemung, Ulster, Dutchess, Steuben, Niagara, Columbia and Herkimer, by their clerks, shall provide boxes with suitable inscriptions thereon and with openings in the top, to be kept in the offices of the clerks of said counties and in their charge under lock and key, in which shall be deposited by said clerks all accounts and claims against said counties duly verified according to law; and whenever such boards shall severally for themselves order, the clerks of said boards shall take from said boxes all bills and accounts against said counties, which they shall then file and number and it shall not be lawful for said Boards of Supervisors in any one year to audit as against said counties any other bill or account than such as shall have been deposited in said boxes or otherwise in their possession, upon the morning of the fourth day of the annual meeting of said Board, except bills for the service of Supervisors, their Clerks and Janitors, and except bills for the services or disbursements rendered or made during the session of the Boards." (Id §1).

The above provision applies to all claims, whatever their form, which are required by law to be transmitted to the Supervisors for audit, save those specifically excepted. Thus a judgment, although a legal claim upon the county, must be presented. (Burrows vs. Monroe, 23 How. 395.

The Clerks of the Board of Supervisors of the several counties named in this act shall annually give notice, in at least two of the newspapers published in said counties, of the time of holding the annual meeting of said Boards in each year, to be inserted in said papers at least once in each week for four weeks previous to such meetings and requiring all persons having bills or accounts against the said counties to deposit the same with the County Clerk, duly verified, on or before the third day of the next annual meeting of said Boards and in default thereof that such bills or accounts will not be audited by said annual meetings. DRUNKENNESS,

OR THE LIQUOR HABIT, POSITIVELY CURED BY ADMINISTERING DR. HAINES' GOLDEN SPECIFIC.

It can be given in a cup of coffee or tea without the knowledge of the person taking it; is absolutely harmless, and will effect a permanent and speedy cure, whether the patient is a moderate drinker or an alcoholic wreck. Thousands of drunkards have been made temperate men who have taken Golden Specific in their coffee without their knowledge and to-day believe they quit drinking of their own free will. It Never Fails. The system once impregnated with the specific, it becomes an utter impossibility for the liquor appetite to exist. For sale by COOPER & HARDENBURGH, Druggists, Kingston, N. Y.

Children Cry for Pitcher's Castoria.

The Old Doctors

Drew blood, modern doctors cleanse it, hence the increased demand for Alteratives. It is now well known that most diseases are due not to over-abundance, but impurity of the blood, and it is equally well attested that no blood medicine is so efficacious as Ayer's Sarsaparilla.

"One of my children had a large sore break out on the leg. We applied simple remedies, for a while, thinking the sore would shortly heal. But it grew worse. We sought medical advice, and were told that an alterative medicine was necessary. Ayer's Sarsaparilla being

Recommended

above all others, we used it with marvelous results. The sore healed and health and strength rapidly returned."—J. J. Armstrong, Weimar, Texas.

"I find Ayer's Sarsaparilla to be an admirable remedy for the cure of blood diseases. I prescribe it, and it does the work every time."—E. L. Pater, M. D., Manhattan, Kansas.

"We have sold Ayer's Sarsaparilla here for over thirty years and always recommended it when asked to name the best blood-purifier."—W. T. McLean, Druggist, Augusta, Ohio.

"Ayer's medicines continue to be the standard remedies in spite of all competition."—T. W Richmond, Bear Lake, Mich.

Ayer's Sarsaparilla,

PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass. Price $1, six bottles, $5. Worth $5 a bottle.

★ Dr. David Kennedy's ★
CHERRY BALSAM.

For the cure of coughs, colds, sore throat, diphtheria, diseased lungs, asthma, bronchitis, whooping cough, etc., and all acute affections of the air passages, the chest, the pleura and the lungs. It contains no deleterious drug and can be safely administered to the most debilitated adult or the most delicate child. It strikes at the very root of pulmonary disease. Never conclude that a fresh cough "Will get well of itself in a few days." It may do so and on the other hand, by neglecting it, one may lay the foundation of some incurable pulmonary or throat trouble. Dr. David Kennedy's Cherry Balsam will relieve the cough almost immediately and prevent its becoming seated. Those whose business obliges them to travel and who labor more or less under chronic, consumptive or bronchial coughs should not fail to carry with them a bottle of Dr. David Kennedy's Cherry Balsam, taking it occasionally in small doses as they may feel the need. The cough will abate almost on the instant and the breathing and expectoration become more easy and free. It soothes any sense of irritation that may exist, subdues inflammation or soreness in the lungs throat and air passages, and prevents attacks which are always embarrassing and may prove serious during an absence rom home. No other preparation offered to the public possesses anything like the power of this one over these common and dangerous complaints. To all right feeling persons it is a privilege as well as a duty to provide for the comfort of the aged parents or other relatives who live with and depend upon them. A valuable help in this direction is Dr. David Kennedy's Cherry Balsam, which is more perfectly adapted than anything else to quiet and cure the winter cough to which so many old people are subject. Whether the cough arises from some chronic trouble or from mere feebleness and lack of vitality this gentle and safe medicine is equally effective.

IT GETS THERE ALL THE SAME.

It stops your cough almost at once, but should you stop taking it after two or three doses probably your cough would return. One thing you can always be sure of: Long before you have emptied the bottle you will be "all O. K."

As a trial of this truly wonderful medicine costs nothing, and as 95 cases out of every 100 will be cured it is well worth your while to at least make the trial.

NOTES ABOUT CURRENT LITERATURE.

What Brainy Men and Women Find to Write About These Days.

Merely passing mention.

Ella Wheeler Wilcox composed her beautiful little poem, "The Land of Nod," while rocking her baby brother to sleep in the cradle.—*New-York Evening World.*

"Out with Mosby's men," is a spirited account by Mrs. Jeanie Gould Lincoln of a woman's courage and determination, which will appear in the December number of *Peterson's Magazine.*

The *Forum* for November contains a broad review of Old-World politics, European and Asiatic, by Professor Arminius Vambery, the famous Hungarian author, who writes on "Is the Power of England Declining?" After a retrospect of the methods whereby the British power was built up, he reviews the modern mismanagement of India, Russian encroachments, the decline of the British army and navy, and the changed conditions of colonization and conquest since the rise of the mere party politician in England. His conclusion is that there is danger of a decline of British power. Another foreign political study in this number is "Canada and the United States," by Professor Goldwin Smith, who believes in ultimate annexation. He discusses the subject from many points of view, and pays his compliments to the politicians of both countries. No important phase of the subject is overlooked in this review of the present status of the question.

"Toeing the Mark."

[From the Newburgh Press.]

At nearly all the fashionable weddings, now, little chalk marks are made on the carpet in front of the chancel, to tell each member of the bridal party where to stand. This is in order to have them at regular distances and make a good appearance. And it compels the groom to "toe the mark" rather early in his conjugal experience.

Is the man who wants the earth."

John Farleigh, Esq., lives at Platte Canon, Col., on that vast sea of bewildering and natural beauty. He says: "I feel as if I had a new lease of life. Dr. Tutt's Liver Pills have cured my deranged liver and dyspepsia." This man didn't want the earth. He did want more of those Pills, however, out of abundant caution. Everybody everywhere needs them.

ONE FACT

Is worth a column of rhetoric, said an American statesman. It is a fact, established by the testimony of thousands of people, that Hood's Sarsaparilla does cure scrofula, salt rheum, and other diseases or affections arising from impure state or low condition of the blood. It also overcomes that tired feeling, creates a good appetite, and gives strength to every part of the system. Try it.

The only reliable cure for catarrh is Dr. Sage's Catarrh Remedy.

"He most lives who thinks the most,
Acts the noblest, feels the best,
And he whose heart beats quickest
Lives the longest, lives in one hour
More than in years do some whose
Fat blood sleeps as it slips along the veins."

These lines describe that condition of perfect health which all men and women wish to enjoy. To be able to think clearly, to incline to do noble acts, to live long and joyously, we must be free from the domination of disease. By taking Dr. Pierce's Golden Medical Discovery we may, by purifying the blood, escape consumption, general debility and weakness, and all blood and skin diseases, and verify the truth of poetry as well as fact.

THE REV. GEO. H. THAYER, of Bourbon, Ind. says: "Both myself and wife owe our lives to SHILOH'S CONSUMPTION CURE." Sold by Frederick J. R. Clark.

My boy [3 years old] was recently taken with cold in the head; his nose was stopped up for days and nights, so that it was difficult for him to breathe and sleep. I called a physician, who prescribed, but did him no good. Finally I got a bottle of Ely's Cream Balm. It seemed to work like magic. The boy's nose was clear in two days, and he has been all right ever since.—E. J. Hazzard, New-York.

NOTES OF WARNING.

Fortunate is the person who reads them. No other pulmonary complaint is so prevalent as Bronchitis. Lawyers, clergymen and those who make much use of the vocal organs are very liable to it, although it attacks people in every walk of life, and is often mistaken for consumption. At first it resembles a common cold, and is attended with a cough, hoarseness, more or less soreness of the throat and lungs, and at length expectoration of mucous and difficulty of breathing. As the patient grows weaker night sweats and hectic fever ensue. In plain English, Bronchitis is inflammation of the lining of the windpipe. In recent attacks Dr. Kennedy's Cherry Balsam completely cures in a few days. This splendid and original preparation at once subdues the pain, cough and difficulty of breathing. When, however, the case is of long standing Kennedy's Favorite Remedy should also be used to correct the stomach, regulate the bowels and purify and vitalize the blood. With proper care as to diet and exposure the patient may hope for the best results.

FOR WOMEN.

Are you wasting slowly but surely away from the effects of female weaknesses? Are you wan, pale, and nervous? Do you not sometimes feel that life is losing its attractions, and that you are gradually sinking into a decline which, if not taken in hand promptly, will end in an early death? Yes, you have felt all these things, and doubtless know that tens of thousands of once rosy-cheeked, plump, healthy girls and women go into their graves every year solely because these weaknesses were allowed to sap up the well springs of life till nature could no longer stand the strain. There is not a sensible maid, wife or mother who will not appreciate as more valuable than gold and precious stones Dr Fontaine's new remedy **PALMETTO**, which is safe, sure, and speedy in curing the worst case of female weakness.

Mailed secure from observation on receipt of $1.00 I also have a full line of elegant Toilet Goods, including Face Cream and Jellies, Wrinkle Paste Fattening Formula, Auburine, Depilatory, Acnine, Freckle Lotion, etc. Development of a beautiful form a specialty. Sealed circulars, 4 cents.

The Old Doctors

Drew blood, modern doctors cleanse it, hence the increased demand for Alteratives. It is now well known that most diseases are due not to over-abundance, but impurity of the blood, and it is equally well attested that no blood medicine is so efficacious as Ayer's Sarsaparilla.

"One of my children had a large sore break out on the leg. We applied simple remedies, for a while, thinking the sore would shortly heal. But it grew worse. We sought medical advice, and were told that an alterative medicine was necessary. Ayer's Sarsaparilla being

Recommended

above all others, we used it with marvelous results. The sore healed and health and strength rapidly returned."—J. J. Armstrong, Weimar, Texas.

"I find Ayer's Sarsaparilla to be an admirable remedy for the cure of blood diseases. I prescribe it, and it does the work every time."—E. L. Pater, M. D., Manhattan, Kansas.

"We have sold Ayer's Sarsaparilla here for over thirty years and always recommended it when asked to name the best blood-purifier."—W. T. McLean, Druggist, Augusta, Ohio.

"Ayer's medicines continue to be the standard remedies in spite of all competition."—T. W Richmond, Bear Lake, Mich.

CHERRY BALSAM.

For the cure of coughs, colds, sore throat, diphtheria, diseased lungs, asthma, bronchitis, whooping cough, etc., and all acute affections of the air passages, the chest, the pleura and the lungs. It contains no deleterious drug and can be safely administered to the most debilitated adult or the most delicate child. It strikes at the very root of pulmonary disease. Never conclude that a fresh cough "Will get well of itself in a few days." It may do so and on the other hand, by neglecting it, one may lay the foundation of some incurable pulmonary or throat trouble. Dr. David Kennedy's Cherry Balsam will relieve the cough almost immediately and prevent its becoming seated. Those whose business obliges them to travel and who labor more or less under chronic, consumptive or bronchial coughs should not fail to carry with them a bottle of Dr. David Kennedy's Cherry Balsam, taking it occasionally in small doses as they may feel the need. The cough will abate almost on the instant and the breathing and expectoration become more easy and free. It soothes any sense of irritation that may exist, subdues inflammation or soreness in the lungs throat and air passages, and prevents attacks which are always embarrassing and may prove serious during an absence rom home. No other preparation offered to the public possesses anything like the power of this one over these common and dangerous complaints. To all right feeling persons it is a privilege as well as a duty to provide for the comfort of the aged parents or other relatives who live with and depend upon them. A valuable help in this direction is Dr. David Kennedy's Cherry Balsam, which is more perfectly adapted than anything else to quiet and cure the winter cough to which so many old people are subject. Whether the cough arises from some chronic trouble or from mere feebleness and lack of vitality this gentle and safe medicine is equally effective.

Prepared at Rondout, N. Y.

Perfumes, etc.

All of which are legally guaranteed to give entire satisfaction or they cost you nothing.

RIKER'S

EXPECTORANT

Acknowledged by all who have used it to be the most wonderful cure in the world for Coughs and Colds.

Is warranted to cure any ordinary cough or cold or your money is returned. A pleasant, swift and sure cure for Coughs and Colds.

If taken as soon as you feel that irritation or dryness of the throat, occasioned by a cold, four to six doses will cure.

It won't cure a horrible sore throat in one night, nor in fact will it cure anything in that space of time. It takes at least a day or so to cure a cold, but

IT GETS THERE ALL THE SAME.

It stops your cough almost at once, but should you stop taking it after two or three doses probably your cough would return. One thing you can always be sure of: Long before you have emptied the bottle you will be "all O. K."

As a trial of this truly wonderful medicine costs nothing, and as 95 cases out of every 100 will be cured it is well worth your while to at least make the trial.

Price per bottle containing half a pint (enough to cure eight people if taken in time),

60 CENTS.

Insist on having

RIKER'S

NOTES ABOUT CURRENT LITERATURE.

What Brainy Men and Women Find to Write About These Days.

Merely passing mention.

Ella Wheeler Wilcox composed her beautiful little poem, "The Land of Nod," while rocking her baby brother to sleep in the cradle.—*New-York Evening World.*

"Out with Mosby's men," is a spirited account by Mrs. Jeanie Gould Lincoln of a woman's courage and determination, which will appear in the December number of *Peterson's Magazine.*

The *Forum* for November contains a broad review of Old-World politics, European and Asiatic, by Professor Arminius Vambery, the famous Hungarian author, who writes on "Is the Power of England Declining?" After a retrospect of the methods whereby the British power was built up, he reviews the modern mismanagement of India, Russian encroachments, the decline of the British army and navy, and the changed conditions of colonization and conquest since the rise of the mere party politician in England. His conclusion is that there is danger of a decline of British power. Another foreign political study in this number is "Canada and the United States," by Professor Goldwin Smith, who believes in ultimate annexation. He discusses the subject from many points of view, and pays his compliments to the politicians of both countries. No important phase of the subject is overlooked in this review of the present status of the question.

"Toeing the Mark."

[From the Newburgh Press.]

At nearly all the fashionable weddings, now, little chalk marks are made on the carpet in front of the chancel, to tell each member of the bridal party where to stand. This is in order to have them at regular distances and make a good appearance. And it compels the groom to "toe the mark" rather early in his conjugal experience.

ONE FACT

Is worth a column of rhetoric, said an American statesman. It is a fact, established by the testimony of thousands of people, that Hood's Sarsaparilla does cure scrofula, salt rheum, and other diseases or affections arising from impure state or low condition of the blood. It also overcomes that tired feeling, creates a good appetite, and gives strength to every part of the system. Try it.

The only reliable cure for catarrh is Dr. Sage's Catarrh Remedy.

"He most lives who thinks the most,
Acts the noblest, feels the best,
And he whose heart beats quickest
Lives the longest, lives in one hour
More than in years do some whose
Fat blood sleeps as it slips along the veins."

These lines describe that condition of perfect health which all men and women wish to enjoy. To be able to think clearly, to incline to do noble acts, to live long and joyously, we must be free from the domination of disease. By taking Dr. Pierce's Golden Medical Discovery we may, by purifying the blood, escape consumption, general debility and weakness, and all blood and skin diseases, and verify the truth of poetry as well as fact.

THE REV. GEO. H. THAYER, of Bourbon, Ind. says: "Both myself and wife owe our lives to SHILOH'S CONSUMPTION CURE." Sold by Frederick J. R. Clark.

My boy [3 years old] was recently taken with cold in the head; his nose was stopped up for days and nights, so that it was difficult for him to breathe and sleep. I called a physician, who prescribed, but did him no good. Finally I got a bottle of Ely's Cream Balm. It seemed to work like magic. The boy's nose was clear in two days, and he has been all right ever since.—E. J. Hazzard. New-York.

NOTES OF WARNING.

Fortunate is the person who reads them. No other pulmonary complaint is so prevalent as Bronchitis. Lawyers, clergymen and those who make much use of the vocal organs are very liable to it, although it attacks people in every walk of life, and is often mistaken for consumption. At first it resembles a common cold, and is attended with a cough, hoarseness, more or less soreness of the throat and lungs, and at length expectoration of mucous and difficulty of breathing. As the patient grows weaker night sweats and hectic fever ensue. In plain English, Bronchitis is inflammation of the lining of the windpipe. In recent attacks Dr. Kennedy's Cherry Balsam completely cures in a few days. This splendid and original preparation at once subdues the pain, cough and difficulty of breathing. When, however, the case is of long standing Kennedy's Favorite Remedy should also be used to correct the stomach, regulate the bowels and purify and vitalize the blood. With proper care as to diet and exposure the patient may hope for the best results.

"THE TABLE ROBS MORE THAN THE THIEF"

Over-indulgence at the table robs many a one of good health, and without health life is not worth living. Little Hop Pills always cure such excesses and regulate the liver. All druggists sell them. Try. Judge.

ARE YOU MADE miserable by Indigestion, Constipation, Dizziness, Loss of Appetite, Yellow Skin? Shiloh's Vitalizer is a positive cure. Sold by Frederick J. R. Clark.

WOULD YOU BELIEVE

The Proprietor of Kemp's Balsam gives Thousands of Bottles away yearly? This mode of advertising would prove ruinous if the Balsam was not a perfect cure for Coughs and all Throat and Lung troubles. You will see the excellent effect after taking the first dose. Don't hesitate! Procure a bottle to-day to keep in your home or room for immediate or future use. Trial bottle Free at all druggists'. Large sizes 50c. and $1.00.

As a family medicine, Ayer's Pills excel all others. They are suited to every age and, being sugar-coated, are easy to take. Though searching and thorough in effect, they are mild and pleasant in action, and their use is attended with no serious results.

HAPPY AND HUNGRY.

For over five years I was a constant sufferer with that most terrible and annoying disease, dyspepsia. After paying out hundreds of dollars the only medicine I found that would do me any good was Sulphur Bitters. Six bottles cured me. Now I can eat well and am happy and hungry.—Editor.

A BEVERAGE.

No disease germ can possibly remain lodged in the body if this great remedy is carefully and constantly used. Prof. Wm. T. Cutter, State Chemist of Connecticut, says:

"I have analyzed a great many samples of Whiskey, Wines, Ales, etc., and was surprised to find, upon analysis, that Duffy's Malt Whiskey was absolutely pure as I never found this to be the case in any other Whiskey I had examined. These facts must commend it to general use and public favor."

FOR WOMEN.

Are you wasting slowly but surely away from the effects of female weaknesses? Are you wan, pale, and nervous? Do you not sometimes feel that life is losing its attractions, and that you are gradually sinking into a decline which, if not taken in hand promptly, will end in an early death? Yes, you have felt all these things, and doubtless know that tens of thousands of once rosy-cheeked, plump, healthy girls and women go into their graves every year solely because these weaknesses were allowed to sap up the well springs of life till nature could no longer stand the strain. There is not a sensible maid, wife or mother who will not appreciate as more valuable than gold and precious stones Dr Fontaine's new remedy PALMETTO, which is safe, sure, and speedy in curing the worst case of female weakness.

Mailed secure from observation on receipt of $1.00 I also have a full line of elegant Toilet Goods, including Face Cream and Jellies, Wrinkle Paste Fattening Formula, Auburnine, Depilatory, Acnine, Freckle Lotion, etc. Development of a beautiful form a specialty. Sealed circulars, 4 cents.

GLEANINGS IN THE CHURCH PORCH.

Peculiarites of Choir Singers—A Kingston Pastor who Has a Large Congregation.

Grace begets grace.—*Sophocles.*

There are so many members in a church in Kingston that if the Pastor made one call every day in the year he would not be able to visit all of his parishioners.

A lecture course has been arranged by the people of the Clinton Avenue M. E. Church, Kingston. The first lecture will be delivered on November 21 by the Rev. O. A. Brown. Subject "Misplaced Men." The other lectures will be given on November 26, December 3, December 14 and December 21.

The Rev. J. H. Ackerly, on Sunday night, in Kingston, spoke plainly to his congregation about voting. He said: "There will be a chance on Tuesday to make yourselves known and felt, and I hope you will vote so that afterwards you will not be ashamed of yourselves."

Not long ago I indulged in some good natured criticism of choirs. The subject is an inexhaustible one. For instance, I heard the other day of a noted tenor of Baltimore who was rendering a solo in Warren's "Te Deum," and mistaking the instructions for the organist as to the use of the stops for the words of the "Te Deum," sang out at the top of his voice, "Pedal great gamba, and swell," to the amazement of the congregation. Another instance even more absurd was that of a well known baritone singer in the same church who on another occasion placed the slur on the wrong note. He had adapted the air of "The Jewish Maiden," to a hymn beginning "Before the Lord we Bow," and instead of placing the slur on the first two syllables he placed it on the last one rendered it thus: "Before the Lord we bow-wow-wow." The effect was immense.—*New-York Tribune.*

DROWNED IN THE D. & H. CANAL.

One Thomas Riley Who Lost His Life, this Afternoon, at Lawrenceville.

"It never rains but it pours."

A dispatch from Rosendale to THE FREEMAN, this afternoon, stated that one Thomas Riley, 60 years of age, a married man, was drowned in the Delaware & Hudson Canal, at Lawrenceville, to-day. It is said he had been indulging in intoxicants.

OTHER ACCIDENTS NOTED.

Frank Hoffman, a 12-year-old boy at Poughkeepsie, was severely injured by the bursting of a bottle, one day recently.

A young man named George Proper, of Ponckhockie, had his left hand burned last night by being shoved into a blazing barrel as the Democratic "business men's" parade went by.

While Simon Van Steenburgh, a young man employed at the Wallkill Portland Cement Works, at South Rondout, was engaged in tending a shute, yesterday afternoon, his left hand was caught by a revolving feeder and severed near the wrist.

The hand of a son of Caleb Lyons, of Wilbur, aged 18, was badly injured at the Hudson River Cement Works, yesterday, by becoming entangled in a rope. Surgical attendance was rendered by Dr. George C. Smith.

Bicyclers as Couriers.

The question of using bicycles in the army for the purpose of carrying dispatches is still being discussed, in Europe. By experiment it has been shown that bicyclers acting as couriers can carry dispatches long distances in less time than couriers can on horseback. Not long ago a bicycler brought the subject before officers of the Russian army. They laughed at him. He finally prevailed upon them to make a test. A bicycler 15 years of age, undertook to compete with a grenadier on horseback to carry a dispatch 70 miles. The bicycler was successful. He delivered the dispatch and returned with the answer four hours sooner than the horseman. This feat created a sensation.

'Long Shore Drift.

Roll on, O river.—*De Joy.*

More deaths from diphtheria are reported in Newburgh.

The Board of Alms Commissioners of Newburgh, has resolved to appropriate $16,000 for the current year, $3,000 more than last year.

Among the many bequests in the will of the late John Guy Vassar, of Poughkeepsie, is $252,000 to Vassar Brothers' Hospital; $100,000 to John Guy Vassar Orphan Asylum; $130,000 to Vassar College, and $15,000 to the Baptist Church, of that City.

Soiree—Ball.

"Let us be merry."

The members of the Fifteenth Separate Company, of Poughkeepsie, held their annual ball last evening.

Last night the members of the Rondout Cremeiux Literary Association held a soiree in their rooms in the McMillan building, corner of The Strand and Hasbrouck-avenue. There was a large number of guests. The evening was spent in dancing and social enjoyment. A supper was served.

A. S. FORD DECLARED NOT GUILTY.

The Finale of the Murder Trial Up in Hudson, Columbia County.

A dispatch from Hudson to THE FREEMAN to-day stated: The jury in the second trial of Andrew S. Ford, charged with poisoning his wife, after being out 12 hours, rendered a verdict this morning of "not guilty." The prisoner, who has been confined in jail for over a year, received the warm congratulations of his friends on his discharge.

A Large, Symmetrical Tree.

I never saw an oft-removed tree,
Nor yet an oft-removed family,
That throve so well as one that settled be.
—*Franklin.*

The large elm tree on the Kingston Lowlands, which has been often mentioned in prose and poetry, stands now with naked branches. Said a stranger yesterday: "That tree is so symmetrical, dame Nature must have used a measuring rule when she formed its branches."

Horses Fleet of Limb.

As fleet as a sunbeam.—*Fry.*

A fast trotter, now in these parts, was speeded on the Kingston Driving Park, to-day.

The fast sorrel pacing team of mares, lately owned by Ernest Steuding, which have made fast time on Kingston thoroughfares, will herafter grace Brooklyn drives, they having been disposed of to a resident of that City.

Friendly Societies Notes.

I call to mind your gracious favors
Done to me.
—*Two Gentlemen of Verona.*

The new officers of Rondout's Good Templer Lodge will be installed on Friday night.

Regular convocation of Mount Horeb Chapter, No. 75, Royal Arch Masons, to-morrow evening.

Neglected Graves, Etc.

Neglected graves are not half so sad as neglected poor people who will soon need graves.—*New-Orleans Picayune.*

The correspondent of THE FREEMAN at Marlborough writes to say that in a cemetery there graves are woefully neglected, and adds "something ought to be done."

In the "Good, Old Way."

At a recent wedding in Lackawack, Ulster County, instead of a diamond ring the groom presented the bride with a sewing machine. That couple are starting in life in "the good old way."

A TRANSCONTINENTAL TRIP DESCRIBED

Another Breezy Letter From the Rev. A. K. Van Tassell, of Union.

If one has eyes, brains and education, there is much to see and hear while traveling.—*Barton.*

The Rev. A. K. Van Tassell, of Union, who has written a series of breezy letters, especially for THE FREEMAN, telling about his recent trip across this Continent, writes, today, as follows:

A MAGNIFICENT COUNTRY.

It took four letters to carry us through to Southern Oregon, it shall take but one to bring us back again even though we take an entirely new route. My pen is a little weary, and so, I fancy, must be the eyes of your readers. Still the North Pacific Railroad runs through a tract of country no less magnificent than the Union Pacific and other roads over which we have traveled. Much of the scenery, however, is so nearly identical, save in its location, that I would be repeating to describe it minutely. I wish first of all to correct an error of my own—a slip of the pen—in my last letter. I convey the idea that Multnomah Falls, Bridal Veil Falls, Rooster Rock and The Needles are scenes along the Portland and San Francisco Railroad whereas they were scenes of the day previous and lie along the Columbia River.

COVERING 3,240 MILES.

On our return trip we will pass over the same road to Portland, thence to Wallula Junction, where our journey will take a new course over the Northern Pacific Railroad through Eastern Washington, Idaho, Montana, Dakota, Minnesota and Wisconsin to Chicago, thence over the Michigan Southern and Lake Shore to New-York, the entire homeward trip covering a distance of 3,240 miles. I would advise any traveller, however, to take the Tocoma division and pass through the great tunnel under Stampede Pass, which is only second to the great Hoosic tunnel. A grander sight still would be afforded if the traveller could go over the celebrated switch-back, a grade of 296 feet to the mile from the summit of which the great glaciers of Mt. Tacoma may be seen.

"STRONG WATER FROM SACRED GROUND."

We leave Pasco and come to Palouse which has no particular interest save that this is a branch road to Colfax station here. Colfax has a Baptist college under the care of President Trimble, who also preaches, I learn from the Portland paper, for the Baptist Church in Colfax. We have been passing through a hundred miles of country which we cannot describe because it was night time and though moonlight, we had to close our eyes a few hours for sleep. But by 10 o'clock in the forenoon we find ourselves at a station called Cheney. Here I believe is an Academy named after its founder Benjamin P. Cheney. But another thing makes this a stopping place for many. It is the station at which passengers get off who are bound for Medical Lake, situated eight miles away to the north. A mile and a half by a half-mile in size it contains medicinal qualities of the finest kind. These have been long known to the Indians, who named the lake "Skookum Chuck Pe Sauklee Tyee Illike," which being interpreted means "Strong water from the sacred ground." Happy would it have been for these sons of the forest if the white man had never introduced to them a stronger water which the medicinal properties of Medical Lake will never counteract. Five or six thousand people go annually to this lake, and this number will be largely increased as the population increases in the territories or traveling expenses are reduced.

CONCERNING SPOKANE FALLS.

We pass through several stations and come to Spokane Falls—pronounced Spokan—a rapidly growing town and one as well known to the readers of our daily papers as any town in the United States. A year ago there were 5,000 people in this town. From the railroad it does not present a very imposing appearance, the houses being small, scattering and bearing the usual characteristics of a western village, anything for the present. The omnibus, barouche, dog carts and all are waiting at the station making it look as though business was lively. At Hauser station, 19 miles further east, another short branch road begins. It is but 13 miles long, and runs to a mining village named Coeur d' Alene, where are to be seen some of the richest placer and quartz mines in the United States.

IN IDAHO AND MONTANA.

We have passed the State line and are in Idaho. The next point of interest is a magnificent lake, Pend d'Oreille, along whose shore we ride for over 20 miles, sometimes crossing shallow portions of it, with water on each side the train for a long distance. A large hotel, to accommodate tourists, is located on this lake, at a station called Hope, but whether that name reveals the state of mind of the man who runs the hotel, or whether it applies to the hunter who makes this his quandam home, while he scours the country for game, I cannot tell. A few miles on we come to Heron, which is just over the Montana line, for it must be remembered that the Northern portion of Idaho is but a narrow strip, and quickly traversed by the steam horse. As the railroad runs, the distance across Idaho is but 90 miles. But Montana makes up for this narrow breadth of territory by stretching itself out over 780 miles, as the railroad runs. According to the geographies, however, Montana is but 540 miles long at its greatest length. Therefore the railroad must lose 240 miles in crossing this territory. Montana contains 92,000,000 acres of land, three times as much as New-York State of which about one acre in four is tillable, the rest being high mountain land or barren alkali plains. The back-bone of the Rockies divides this territory from Idaho, the particular portion of the range at this place being called Bitter Route Mountains. Helena, the capitol and chief City, is located in the neighborhood of mining districts, the chief source of wealth in this territory. All around are visible effects of placer-mining causing the face of nature to resemble a garden after the hogs have been in and rooted around a while. Up along the mountain slopes are miners ditches through which water is brought long distances for hydraulic work or gold washing. Helena has no appearance of being a Western city. All the typical Western buildings have been crowded out to give place to the best class of brick and stone buildings. Once in a main street of Helena, without being told, you would declare it to be New-York or Brooklyn. Wealth stares at you from every corner. Residences that rival the brown stone fronts of our Eastern cities are everywhere seen, magnificent public buildings, churches, hospitals and even a cathedral are here.

LICENSED GAMBLING DENS.

In Helena you will find some things unlike some of our Eastern towns. I refer to the open and licensed gambling dens, with a sign telling the traveler that they belong to the high-toned class of gambling institutions, having paid their license fee and received the permission to carry on their lawful industry. The Sabbath is no different from any other day, except to church-goers. Work goes on, amusements and pleasure-seeking go on, but, then, I ought not to class Helena among peculiar cities for this. How is it at home? Helena also supports street cars, electric lights, theatres and a brewery. Land for building sites in the centre of the City commands as high a price of $1,400 a front foot.

[*To be continued in a later issue.*]

Journalistic Notes.

Do not let your overweening modesty prevent you from recording your own good deeds. A real estate man lost a fortune once through an unrecorded deed.—*Harper's Bazar.*

The *Wurtsboro Dispatch* says: "On and after next Wednesday we shall allow 10 cents a bushel for red bandannas, taken on subscription."

The *Middletown Argus* of November 5 makes the following unique announcement: "No paper will be issued from this office to-morrow. The day is a legal holiday and many of those connected with the office wish to devote it to political work. Besides so far as news is concerned—there will be absolutely no news, nothing from which to make a newspaper, for there will be no interest in politics and there will be nothing but politics."

Oranges Plentiful in Florida.

It is said there will be no scarcity of oranges the coming winter. The Florida crop is unprecedented.

NOTES AT THE POLLS TO-DAY.

A LARGE VOTE HAS BEEN CAST IN ULSTER COUNTY.

Every Indication Points That Harrison and Morton Have Received a Handsome Plurality—Votes That were "Traded Off"—Incidents in Kingston.

For hope with flattering dreams is the delight of many.—*Sophocles.*

One of the most important elections ever held in the United States is now over, and issues that have a great bearing on the future welfare of this country have been decided. What reporters of this newspaper saw and heard at the polls in this City, in Ulster County and elsewhere is told in this column.

IN KINGSTON CITY.

Is it Miller or Hill?

The ward heeler was on hand early.

There was a large gathering at the Eighth Ward polls.

Saloon-keepers were especially active around the polls.

In several saloons free drinks were served in the interest of Hill.

Henry Rosencranse is the oldest colored voter in the First Ward.

James J. Styles was the oldest voter in the First Ward. He is 88 years old.

Well, it's all over, and it looks as though Harrison and Morton were elected.

The votes of the members of the G. A. R. have been an important factor in this election

At the Ninth Ward poll it was publicly stated that the Democrats were using money freely.

Some of the "trading" gave evidence that there are many voters who care but little for principle.

There was much challenging done at the polls, and a number who had made wagers, lost their votes.

Hill men made desperate efforts to catch the floating vote with money. They had plenty of boodle.

There are many "split tickets." The Inspectors and Clerks will be later than usual in counting the vote.

There were a greater number of votes polled in the First Ward at 3 o'clock than there were altogether in 1884.

It does not matter so much what a stump speaker says. It is the way that it is said that is important.—*New-Orleans Picayune.*

The "floaters" on the streets furnished evidence that the Democratic boodle was being put where it would do the most good."

Inspectors in this City received votes today for County Superintendent of the Poor. Neither Silas Saxton nor Joseph H. Riseley "ran" in this City.

The $3 paid to election clerks to work from sunrise until 11 o'clock at night, is niggardly pay, and the wonder is that competent men are secured.

The steamer "City of Kingston" arrived at Rondout at about 1 o'clock this afternoon. This trip was made for the accommodation of voters, who were carried free.

At the First Ward polls the ballots were taken in through a small window. Over the window were the words:

Voters, the eyes of 60,000,000 people are upon you.

One of the amusing occurrences of the First Ward was a good-natured tilt between a Prohibitionist and a hotel man. The pith of the argument was that when a man wanted a drink he should drink openly, and not get under a bushel.

A life-long Democrat in the Seventh Ward when he approached the polls cast the ballot containing David B. Hill's name in the gutter with the remark: "I will vote for Warner Miller—the home against the saloon."

Stephen Abbey, of Ponckhockie, aged 75 years, is one of the men who worked and voted for the election of William Henry Harrison in 1840. To-day Mr. Abbey cast his ballot for the grandson of Old Tippecanoe.

Henry E. Legg, 78 years old, talked prohibition at the First Ward polls. Mr. Legg is a vigorous man for his age. He walked in the Prohibition procession at Poughkeepsie, and when he reached Rondout, at night, on his return, walked to his home on the Saugerties Road.

The challenging by Democrats in the Sixth Ward, Rondout, of the votes of William Winter and John Fowl, is denounced. Mr. Winter has held important public offices in this City, and Mr. Fowl has been a citizen in this country for 56 years. Both men were compelled to swear in their votes.

The polls closed at 4:47 o'clock. The number of votes cast in certain wards at 3:15 o'clock was as follows:

Third Ward	500
Fifth Ward	435
Sixth Ward	448
Seventh Ward	403

IN ULSTER COUNTY.

Dispatches to THE FREEMAN from many points in Ulster County, this afternoon, state that a large vote has been polled. Every indication points that Harrison and Morton have received a handsome plurality.

ALONG THE HUDSON.

A dispatch from Hudson to THE FREEMAN to-day stated: The weather is clear. A large vote is being quietly polled.

A dispatch from Albany to THE FREEMAN to-day stated: The election is passing off quietly here. The vote promises to be the heaviest ever polled. The Republicans charge Democrats with a lavish use of money.

A dispatch from Newburgh to THE FREEMAN stated; The weather in the morning was cloudy, with signs of clearing. The vote is heavy and was cast early. In the Third Ward 250 votes were cast at 8 o'clock and in one district 350 before 9 o'clock. Hill is running ahead of Cleveland. The oldest voter at this election was Ebenezer Adams, father of Assemblyman J. C. Adams, aged 93. He cast his first vote in 1816 and has voted for 19 Presidents. He is a Republican. Hill is running considerably ahead of the ticket, though Miller will have a considerable majority. Stivers, Republican, is making gains here over Bacon, Democrat. The prospects are the great majority of the labor men are voting a part or the whole of the Republican ticket.

A DRUNKEN POLICEMAN REMOVED.

A dispatch from Troy to THE FREEMAN to-day stated: A police officer was arrested while brandishing a revolver and preventing citizens from voting. The Superintendent of Police took the officer away.

IS HILL AHEAD OF CLEVELAND?

Dispatches from a number of points in this State, to THE FREEMAN, this afternoon, stated that Hill is running ahead of Cleveland.

HERE AND THERE IN POLITICAL FIELD.

Business Men's Parade in Rondout Last Night—A Prohibition Fizzle in Kingston.

A man who will insult you immediately falls below your level. It is customary to fight on such occasions, but by so doing you and he are once more on the same level. Forgive him and you will be happier in the end.—*Peck's Milwaukee Sun.*

The result on the principal candidates will be bulletined by THE FREEMAN to-night.

The Prohibition meeting in the Court House, Kingston, last night, was meagrely attended.

A small boy in Kingston to-day made this offer: "I'll bet twenty-four hundred dollars that Cleveland will be unelected."

Rondout Democrats had what they termed a "business men's" parade last night. Nearly all the men wore black beavers and they presented a creditable appearance, although a number of the hats looked as though they had been worn by the men's grandfathers. Many barrels were burned on Union-avenue. There were 263 men in the procession. THE FREEMAN will be pleased to see the gentlemen form in line at the Mansion House to-morrow night to witness the victorious Republican column pass by.

In one house in Kingston reside two men, brothers-in-law. One is a Democrat and the other is a Republican. Both are extreme partisans. One owns a dog. A happy thought entered the head of the brother-in-law who is not the owner of the dog. He took pasters upon which were printed in large letters an injunction to vote for his favorite candidate for Governor. He pasted one on each side of the dog's ears. The canine was very proud of the distinction and when it found its master tried to express its feelings in a demonstrative manner. So did its master.

There was a large Republican torchlight procession in Shokan last night. The S. D. Coykendall Gun Squad, the Young Men's Republican Club, of Rondout, the Marching Club and the colored Harrison and Morton Gun Squad, of Kingston, the Carey S. Connelly Gun Squad, of Port Ewen, and clubs from places along the line of the Ulster & Delaware Railroad, participated. The houses were beautifully illuminated. The procession was a long and imposing one. The paraders were provided with refreshments. Z. P. Boice, under whose auspices the parade was held, was heartily cheered for the successful manner in which he conducted affairs.

HERE AND THERE AROUND THIS TOWN.

A Scene at a Poker Party—A Dull Day for General News.

Use but do not abuse the good "the gods provide."

This has been a dull day for news.

Promised for Wednesday: Fair weather.

Green is the fashionable color for women. There are several shades.

Election returns will be read in Liscomb's Opera House, Rondout, to-night. Manager Melott, of the Western Union Telegraph Company, will have charge.

Do not be startled as you walk along the streets and hear a sharp click like the cocking of a pistol. It is only one of the photography fiends who is taking a snap picture.

Two young men on Fair-street, Kingston, this morning, were boiling something in an iron kettle. In order to enlighten the curious and save the trouble of answering questions they displayed a placard: "Crow soup." They must have been Democrats.

The other night while a number of Kingston individuals were deep in the mysteries of poker, a man who had been a silent spectator for several minutes, quietly took from his pocket a cigar box containing a large garter snake and set it on the table. "What! going to put up?" was the ejaculation. Then the lid was raised and one of the men thrust his hand in. He jumped from his chair shouting "Snakes!" "Snakes!" The innocent snake in the meantime slowly crawled out on the table. Such scattering. One man in terrified tones screamed: "I've got 'em! I've got 'em," thinking he was seeing snakes because of a heavy drink he had just taken. During the excitement the table was overturned, and the snake disappeared. So did the man who had been the cause of the flurry.

The following are sample questions asked at a late examination of applicants for teacher's certificates in Kingston:

What circumstance stimulates the salivary glands to secrete saliva copiously?

Had He Been Drinking?

"Give me a penny and I'll tell you a story."

[From the Walton Reporter.]

The people about Colchester station are not superstitious, but they are trying to account for the apparition which young Samuel Terry saw on Thursday. He was ploughing in an open field, when his attention was attracted by the peculiar actions of his dog. The animal seemed to be in great fear and running to him crouched down with head pointed toward a bar-way a few rods away. Young Terry's eyes followed in the same direction, and he saw the figure of a woman in a stooping posture, her head being adorned with a sun-bonnet. While he was still gazing the figure vanished. He hastened to the spot but could see no one in any direction. It would have been impossible for a person to disappear from view in so short a time, and he has since been trying to find some mystery. Meanwhile residents about Colchester are keeping a sharp lookout for an old woman wearing a sun-bonnet.

THE REV. W. E. SNOWDEN DEAD.

He Passed Away in Cornwall, Last Night, In His Seventy-first Year.

Then draw we nearer, day by day,
Each to his brethren, all to God,
Let the world take us as she may,
We must not change our road.—*Keble.*

Urial Hand, an old resident and business man, of Hudson, died on Saturday.

A dispatch from Newburgh to THE FREEMAN, to-day stated: The Rev. William E. Snowden, Rector of St. John's Episcopal Church, at Cornwall, died last night aged 71. His last appearance in the chancel of his church was on Sunday, September 30, when with much emotion he made an appeal for the yellow fever sufferers of Jacksonville. He was born at Elizabethport, N. J. He graduated from Columbia College, and has been a minister of the gospel over forty-seven years. During the war he had a parish in North Carolina. At the close of the war he came North and has been in Cornwall eight years. He leaves a family of grown children. He was held in high esteem by the late Bishop Horatio Potter and the present Bishop Henry C. Potter. His funeral will be held Thursday.

The Nerves

Romberg says that "neuralgia is the prayer of the nerves for healthy blood." This is equally true of every form of nervous disease. If the blood is in a normal condition the nervous system receives from it the strength its functions require. Hence the all-important question of the purification of the blood again impresses itself upon us. A moment of careful thought enables us to realize why Hood's Sarsaparilla by its power to purify the blood produces cures in a great variety of diseases to an extent hitherto unknown.

Nervous Headaches

"I have been for years a great sufferer from nervous headache of an unusually severe type. I have tried a great many remedies but never found any relief till I began to use Hood's Sarsaparilla. Before the second bottle was gone my headaches were not so severe nor so frequent. I am just beginning the fourth bottle and have not felt so well for years. The confused dizzy feeling in the head is absolutely gone and my general health is wonderfully improved. I write this hoping it may induce some other sufferer like myself to try this invaluable medicine." MRS. W. S. CARTWRIGHT, Shelter Island, Suffolk Co., N. Y.

FELT MEAN.

"I have been troubled a great deal with headache, had no appetite, no strength and felt as mean as anyone could and be about my work. Since taking Hood's Sarsaparilla I have not had the headache, my food has relished and seemed to do me good and I have felt myself growing stronger every day." M. A. STEINMAN, 19 Grand-Ave., Grand Rapids, Mich.

GLEANINGS IN THE CHURCH PORCH.

Peculiarites of Choir Singers—A Kingston Pastor who Has a Large Congregation.

Grace begets grace.—*Sophocles.*

There are so many members in a church in Kingston that if the Pastor made one call every day in the year he would not be able to visit all of his parishioners.

A lecture course has been arranged by the people of the Clinton Avenue M. E. Church, Kingston. The first lecture will be delivered on November 21 by the Rev. O. A. Brown. Subject "Misplaced Men." The other lectures will be given on November 26, December 3, December 14 and December 21.

The Rev. J. H. Ackerly, on Sunday night, in Kingston, spoke plainly to his congregation about voting. He said: "There will be a chance on Tuesday to make yourselves known and felt, and I hope you will vote so that afterwards you will not be ashamed of yourselves."

Not long ago I indulged in some good natured criticism of choirs. The subject is an inexhaustible one. For instance, I heard the other day of a noted tenor of Baltimore who was rendering a solo in Warren's "Te Deum," and mistaking the instructions for the organist as to the use of the stops for the words of the "Te Deum," sang out at the top of his voice, "Pedal great gamba, and swell," to the amazement of the congregation. Another instance even more absurd was that of a well known baritone singer in the same church who on another occasion placed the slur on the wrong note. He had adapted the air of "The Jewish Maiden," to a hymn beginning "Before the Lord we Bow," and instead of placing the slur on the first two syllables he placed it on the last one rendered it thus: "Before the Lord we bow-wow-wow." The effect was immense.—*New-York Tribune.*

DROWNED IN THE D. & H. CANAL.

One Thomas Riley Who Lost His Life, this Afternoon, at Lawrenceville.

"It never rains but it pours."

A dispatch from Rosendale to THE FREEMAN, this afternoon, stated that one Thomas Riley, 60 years of age, a married man, was drowned in the Delaware & Hudson Canal, at Lawrenceville, to-day. It is said he had been indulging in intoxicants.

OTHER ACCIDENTS NOTED.

Frank Hoffman, a 12-year-old boy at Poughkeepsie, was severely injured by the bursting of a bottle, one day recently.

A young man named George Proper, of Ponckhockie, had his left hand burned last night by being shoved into a blazing barrel as the Democratic "business men's" parade went by.

While Simon Van Steenburgh, a young man employed at the Wallkill Portland Cement Works, at South Rondout, was engaged in tending a shute, yesterday afternoon, his left hand was caught by a revolving feeder and severed near the wrist.

The hand of a son of Caleb Lyons, of Wilbur, aged 18, was badly injured at the Hudson River Cement Works, yesterday, by becoming entangled in a rope. Surgical attendance was rendered by Dr. George C. Smith.

Bicyclers as Couriers.

The question of using bicycles in the army for the purpose of carrying dispatches is still being discussed, in Europe. By experiment it has been shown that bicyclers acting as couriers can carry dispatches long distances in less time than couriers can on horseback. Not long ago a bicycler brought the subject before officers of the Russian army. They laughed at him. He finally prevailed upon them to make a test. A bicycler 15 years of age, undertook to compete with a grenadier on horseback to carry a dispatch 70 miles. The bicycler was successful. He delivered the dispatch and returned with the answer four hours sooner than the horseman. This feat created a sensation.

Soiree—Ball.

"Let us be merry."

The members of the Fifteenth Separate Company, of Poughkeepsie, held their annual ball last evening.

Last night the members of the Rondout Cremeiux Literary Association held a soiree in their rooms in the McMillan building, corner of The Strand and Hasbrouck-avenue. There was a large number of guests. The evening was spent in dancing and social enjoyment. A supper was served.

A. S. FORD DECLARED NOT GUILTY.

The Finale of the Murder Trial Up in Hudson, Columbia County.

A dispatch from Hudson to THE FREEMAN to-day stated: The jury in the second trial of Andrew S. Ford, charged with poisoning his wife, after being out 12 hours, rendered a verdict this morning of "not guilty." The prisoner, who has been confined in jail for over a year, received the warm congratulations of his friends on his discharge.

A Large, Symmetrical Tree.

Nor yet an oft-removed family,

The large elm tree on the Kingston Lowlands, which has been often mentioned in prose and poetry, stands now with naked branches. Said a stranger yesterday: "That tree is so symmetrical, dame Nature must have used a measuring rule when she formed its branches."

A TRANSCONTINENTAL TRIP DESCRIBED

Another Breezy Letter From the Rev. A. K. Van Tassell, of Union.

If one has eyes, brains and education, there is much to see and hear while travelling.—*Barton.*

The Rev. A. K. Van Tassell, of Union, who has written a series of breezy letters, especially for THE FREEMAN, telling about his recent trip across this Continent, writes, today, as follows:

A MAGNIFICENT COUNTRY.

It took four letters to carry us through to Southern Oregon, it shall take but one to bring us back again even though we take an entirely new route. My pen is a little weary, and so, I fancy, must be the eyes of your readers. Still the North Pacific Railroad runs through a tract of country no less magnificent than the Union Pacific and other roads over which we have traveled. Much of the scenery, however, is so nearly identical, save in its location, that I would be repeating to describe it minutely. I wish first of all to correct an error of my own—a slip of the pen—in my last letter. I convey the idea that Multnomah Falls, Bridal Veil Falls, Rooster Rock and The Needles are scenes along the Portland and San Francisco Railroad whereas they were scenes of the day previous and lie along the Columbia River.

COVERING 3,240 MILES.

On our return trip we will pass over the same road to Portland, thence to Wallula Junction, where our journey will take a new course over the Northern Pacific Railroad through Eastern Washington, Idaho, Montana, Dakota, Minnesota and Wisconsin to Chicago, thence over the Michigan Southern and Lake Shore to New-York, the entire homeward trip covering a distance of 3,240 miles. I would advise any traveller, however, to take the Tocoma division and pass through the great tunnel under Stampede Pass, which is only second to the great Hoosic tunnel. A grander sight still would be afforded if the traveller could go over the celebrated switch-back, a grade of 296 feet to the mile from the summit of which the great glaciers of Mt. Tacoma may be seen.

"STRONG WATER FROM SACRED GROUND."

We leave Pasco and come to Palouse which has no particular interest save that this is a branch road to Colfax station here. Colfax has a Baptist college under the care of President Trimble, who also preaches, I learn from the Portland paper, for the Baptist Church in Colfax. We have been passing through a hundred miles of country which we cannot describe because it was night time and though moonlight, we had to close our eyes a few hours for sleep. But by 10 o'clock in the forenoon we find ourselves at a station called Cheney. Here I believe is an Academy named after its founder Benjamin P. Cheney. But another thing makes this a stopping place for many. It is the station at which passengers get off who are bound for Medical Lake, situated eight miles away to the north. A mile and a half by a half-mile in size it contains medicinal qualities of the finest kind. These have been long known to the Indians, who named the lake "Skookum Chuck Pe Sauklee Tyee Illike," which being interpreted means "Strong water from the sacred ground." Happy would it have been for these sons of the forest if the white man had never introduced to them a stronger water which the medicinal properties of Medical Lake will never counteract. Five or six thousand people go annually to this lake, and this number will be largely increased as the population increases in the territories or traveling expenses are reduced.

CONCERNING SPOKANE FALLS.

We pass through several stations and come to Spokane Falls—pronounced Spokan—a rapidly growing town and one as well known to the readers of our daily papers as any town in the United States. A year ago there were 5,000 people in this town. From the railroad it does not present a very imposing appearance, the houses being small, scattering and bearing the usual characteristics of a western village, anything for the present. The omnibus, barouche, dog carts and all are waiting at the station making it look as though business was lively. At Hausee station, 19 miles further east, another short branch road begins. It is but 13 miles long, and runs to a mining village named Coeur d' Alene, where are to be seen some of the richest placer and quartz mines in the United States.

IN IDAHO AND MONTANA.

We have passed the State line and are in Idaho. The next point of interest is a magnificent lake, Pend d'Oreille, along whose shore we ride for over 20 miles, sometimes crossing shallow portions of it, with water on each side the train for a long distance. A large hotel, to accommodate tourists, is located on this lake, at a station called Hope, but whether that name reveals the state of mind of the man who runs the hotel, or whether it applies to the hunter who makes this his quandam home, while he scours the country for game, I cannot tell. A few miles on we come to Heron, which is just over the Montana line, for it must be remembered that the Northern portion of Idaho is but a narrow strip, and quickly traversed by the steam horse. As the railroad runs, the distance across Idaho is but 90 miles. But Montana makes up for this narrow breadth of territory by stretching itself out over 780 miles, as the railroad runs. According to the geographies, however, Montana is but 540 miles long at its greatest length. Therefore the railroad must lose 240 miles in crossing this territory. Montana contains 92,000,000 acres of land, three times as much as New-York State of which about one acre in four is tillable, the rest being high mountain land or barren alkali plains. The back-bone of the Rockies divides this territory from Idaho, the particular portion of the range at this place being called Bitter Route Mountains. Helena, the capitol and chief City, is located in the neighborhood of mining districts, the chief source of wealth in this territory. All around are visible effects of placer-mining causing the face of nature to resemble a garden after the hogs have been in and rooted around a while. Up along the mountain slopes are miners ditches through which water is brought long distances for hydraulic work or gold washing. Helena has no appearance of being a Western city. All the typical Western buildings have been crowded out to give place to the best class of brick and stone buildings. Once in a main street of Helena, without being told, you would declare it to be New-York or Brooklyn. Wealth stares at you from every corner. Residences that rival the brown stone fronts of our Eastern cities are everywhere seen, magnificent public buildings, churches, hospitals and even a cathedral are here.

LICENSED GAMBLING DENS.

In Helena you will find some things unlike some of our Eastern towns. I refer to the open and licensed gambling dens, with a sign telling the traveler that they belong to the high-toned class of gambling institutions, having paid their license fee and received the permission to carry on their lawful industry. The Sabbath is no different from any other day, except to church-goers. Work goes on, amusements and pleasure-seeking go on, but, then, I ought not to class Helena among peculiar cities for this. How is it at home? Helena also supports street cars, electric lights, theatres and a brewery. Land for building sites in the centre of the City commands as high a price of $1,400 a front foot.

[*To be continued in a later issue.*]

NOTES AT THE POLLS TO-DAY.

A LARGE VOTE HAS BEEN CAST IN ULSTER COUNTY.

Every Indication Points That Harrison and Morton Have Received a Handsome Plurality—Votes That were "Traded Off"—Incidents in Kingston.

For hope with flattering dreams is the delight of many.—*Sophocles.*

One of the most important elections ever held in the United States is now over, and issues that have a great bearing on the future welfare of this country have been decided. What reporters of this newspaper saw and heard at the polls in this City, in Ulster County and elsewhere is told in this column.

IN KINGSTON CITY.

Is it Miller or Hill?

The ward heeler was on hand early.

There was a large gathering at the Eighth Ward polls.

Saloon-keepers were especially active around the polls.

In several saloons free drinks were served in the interest of Hill.

Henry Rosencranse is the oldest colored voter in the First Ward.

James J. Styles was the oldest voter in the First Ward. He is 88 years old.

Well, it's all over, and it looks as though Harrison and Morton were elected.

The votes of the members of the G. A. R. have been an important factor in this election

At the Ninth Ward poll it was publicly stated that the Democrats were using money freely.

Some of the "trading" gave evidence that there are many voters who care but little for principle.

There was much challenging done at the polls, and a number who had made wagers, lost their votes.

Hill men made desperate efforts to catch the floating vote with money. They had plenty of boodle.

There are many "split tickets." The Inspectors and Clerks will be later than usual in counting the vote.

There were a greater number of votes polled in the First Ward at 3 o'clock than there were altogether in 1884.

It does not matter so much what a stump speaker says. It is the way that it is said that is important.—*New-Orleans Picayune.*

The "floaters" on the streets furnished evidence that the Democratic boodle was being put where it would do the most good."

Inspectors in this City received votes to-day for County Superintendent of the Poor. Neither Silas Saxton nor Joseph H. Riseley "ran" in this City.

The $3 paid to election clerks to work from sunrise until 11 o'clock at night, is niggardly pay, and the wonder is that competent men are secured.

The steamer "City of Kingston" arrived at Rondout at about 1 o'clock this afternoon. This trip was made for the accommodation of voters, who were carried free.

At the First Ward polls the ballots were taken in through a small window. Over the window were the words:

Voters, the eyes of 60,000,000 people are upon you.

One of the amusing occurrences of the First Ward was a good-natured tilt between a Prohibitionist and a hotel man. The pith of the argument was that when a man wanted a drink he should drink openly, and not get under a bushel.

A life-long Democrat in the Seventh Ward when he approached the polls cast the ballot containing David B. Hill's name in the gutter with the remark: "I will vote for Warner Miller—the home against the saloon."

Stephen Abbey, of Ponckhockie, aged 75 years, is one of the men who worked and voted for the election of William Henry Harrison in 1840. To-day Mr. Abbey cast his ballot for the grandson of Old Tippecanoe.

Henry E. Legg, 78 years old, talked prohibition at the First Ward polls. Mr. Legg is a vigorous man for his age. He walked in the Prohibition procession at Poughkeepsie, and when he reached Rondout, at night, on his return, walked to his home on the Saugerties Road.

The challenging by Democrats in the Sixth Ward, Rondout, of the votes of William Winter and John Fowl, is denounced. Mr. Winter has held important public offices in this City, and Mr. Fowl has been a citizen in this country for 56 years. Both men were compelled to swear in their votes.

The polls closed at 4:47 o'clock. The number of votes cast in certain wards at 3:15 o'clock was as follows:

Third Ward	560
Fifth Ward	435
Sixth Ward	448
Seventh Ward	403

IN ULSTER COUNTY.

Dispatches to THE FREEMAN from many points in Ulster County, this afternoon, state that a large vote has been polled. Every indication points that Harrison and Morton have received a handsome plurality.

ALONG THE HUDSON.

A dispatch from Hudson to THE FREEMAN to-day stated: The weather is clear. A large vote is being quietly polled.

A dispatch from Albany to THE FREEMAN to-day stated: The election is passing off quietly here. The vote promises to be the heaviest ever polled. The Republicans charge Democrats with a lavish use of money.

A dispatch from Newburgh to THE FREEMAN stated; The weather in the morning was cloudy, with signs of clearing. The vote is heavy and was cast early. In the Third Ward 250 votes were cast at 8 o'clock and in one district 350 before 9 o'clock. Hill is running ahead of Cleveland. The oldest voter at this election was Ebenezer Adams, father of Assemblyman J. C. Adams, aged 93. He cast his first vote in 1816 and has voted for 19 Presidents. He is a Republican. Hill is running considerably ahead of the ticket, though Miller will have a considerable majority. Stivers, Republican, is making gains here over Bacon, Democrat. The prospects are the great majority of the labor men are voting a part or the whole of the Republican ticket.

A DRUNKEN POLICEMAN REMOVED.

A dispatch from Troy to THE FREEMAN to-day stated: A police officer was arrested while brandishing a revolver and preventing citizens from voting. The Superintendent of Police took the officer away.

IS HILL AHEAD OF CLEVELAND?

Dispatches from a number of points in this State, to THE FREEMAN, this afternoon, stated that Hill is running ahead of Cleveland.

HERE AND THERE IN POLITICAL FIELD.

Business Men's Parade in Rondout Last Night—A Prohibition Fizzle in Kingston.

A man who will insult you immediately falls be low your level. It is customary to fight on such occasions, but by so doing you and he are once more on the same level. Forgive him and you will be happier in the end.—*Peck's Milwaukee Sun.*

The result on the principal candidates will be bulletined by THE FREEMAN to-night.

The Prohibition meeting in the Court House, Kingston, last night, was meagrely attended.

A small boy in Kingston to-day made this offer: "I'll bet twenty-four hundred dollars that Cleveland will be unelected."

Rondout Democrats had what they termed a "business men's" parade last night. Nearly all the men wore black beavers and they presented a creditable appearance, although a number of the hats looked as though they had been worn by the men's grandfathers. Many barrels were burned on Union-avenue. There were 263 men in the procession. THE FREEMAN will be pleased to see the gentlemen form in line at the Mansion House to-morrow night to witness the victorious Republican column pass by.

In one house in Kingston reside two men, brothers-in-law. One is a Democrat and the other is a Republican. Both are extreme partisans. One owns a dog. A happy thought entered the head of the brother-in-law who is not the owner of the dog. He took pasters upon which were printed in large letters an injunction to vote for his favorite candidate for Governor. He pasted one on each side of the dog's ears. The canine was very proud of the distinction and when it found its master tried to express its feelings in a demonstrative manner. So did its master.

There was a large Republican torchlight procession in Shokan last night. The S. D. Coykendall Gun Squad, the Young Men's Republican Club, of Rondout, the Marching Club and the colored Harrison and Morton Gun Squad, of Kingston, the Carey S. Connelly Gun Squad, of Port Ewen, and clubs from places along the line of the Ulster & Delaware Railroad, participated. The houses were beautifully illuminated. The procession was a long and imposing one. The paraders were provided with refreshments. Z. P. Boice, under whose auspices the parade was held, was heartily cheered for the successful manner in which he conducted affairs.

HERE AND THERE AROUND THIS TOWN.

A Scene at a Poker Party—A Dull Day for General News.

Use but do not abuse the good "the gods provide."

This has been a dull day for news.

Promised for Wednesday: Fair weather.

Green is the fashionable color for women. There are several shades.

Election returns will be read in Liscomb's Opera House, Rondout, to-night. Manager Melott, of the Western Union Telegraph Company, will have charge.

Do not be startled as you walk along the streets and hear a sharp click like the cocking of a pistol. It is only one of the photography fiends who is taking a snap picture.

Two young men on Fair-street, Kingston, this morning, were boiling something in an iron kettle. In order to enlighten the curious and save the trouble of answering questions they displayed a placard: "Crow soup." They must have been Democrats.

The other night while a number of Kingston individuals were deep in the mysteries of poker, a man who had been a silent spectator for several minutes, quietly took from his pocket a cigar box containing a large garter snake and set it on the table. "What! going to put up?" was the ejaculation. Then the lid was raised and one of the men thrust his hand in. He jumped from his chair shouting "Snakes!" "Snakes!" The innocent snake in the meantime slowly crawled out on the table. Such scattering. One man in terrified tones screamed: "I've got 'em! I've got 'em," thinking he was seeing snakes because of a heavy drink he had just taken. During the excitement the table was overturned, and the snake disappeared. So did the man who had been the cause of the flurry.

The following are sample questions asked at a late examination of applicants for teacher's certificates in Kingston:

What effect has the presence of alcohol in large quantities in the stomach, on the lining membrane of the stomach, and on the flow and action of the gastric juice?

What circumstance stimulates the salivary glands to secrete saliva copiously?

Had He Been Drinking?

"Give me a penny and I'll tell you a story."

[From the Walton Reporter.]

The people about Colchester station are not superstitious, but they are trying to account for the apparition which young Samuel Terry saw on Thursday. He was ploughing in an open field, when his attention was attracted by the peculiar actions of his dog. The animal seemed to be in great fear and running to him crouched down with head pointed toward a bar-way a few rods away. Young Terry's eyes followed in the same direction, and he saw the figure of a woman in a stooping posture, her head being adorned with a sun-bonnet. While he was still gazing the figure vanished. He hastened to the spot but could see no one in any direction. It would have been impossible for a person to disappear from view in so short a time, and he has since been trying to find some mystery. Meanwhile residents about Colchester are keeping a sharp lookout for an old woman wearing a sun-bonnet.

THE REV. W. E. SNOWDEN DEAD.

He Passed Away in Cornwall, Last Night, In His Seventy-first Year.

Then draw we nearer, day by day,
Each to his brethren, all to God,
Let the world take us as she may,
We must not change our road.—*Keble.*

Urial Hand, an old resident and business man, of Hudson, died on Saturday.

A dispatch from Newburgh to THE FREEMAN, to-day stated: The Rev. William E. Snowden, Rector of St. John's Episcopal Church, at Cornwall, died last night aged 71. His last appearance in the chancel of his church was on Sunday, September 30, when with much emotion he made an appeal for the yellow fever sufferers of Jacksonville. He was born at Elizabethport, N. J. He graduated from Columbia College, and has been a minister of the gospel over forty-seven years. During the war he had a parish in North Carolina. At the close of the war he came North and has been in Cornwall eight years. He leaves a family of grown children. He was held in high esteem by the late Bishop Horatio Potter and the present Bishop Henry C. Potter. His funeral will be held Thursday.

The Nerves

Romberg says that "neuralgia is the prayer of the nerves for healthy blood." This is equally true of every form of nervous disease. If the blood is in a normal condition the nervous system receives from it the strength its functions require. Hence the all-important question of the purification of the blood again impresses itself upon us. A moment of careful thought enables us to realize why Hood's Sarsaparilla by its power to purify the blood produces cures in a great variety of diseases to an extent hitherto unknown.

Nervous Headaches

"I have been for years a great sufferer from nervous headache of an unusually severe type. I have tried a great many remedies but never found any relief till I began to use Hood's Sarsaparilla. Before the second bottle was gone my headaches were not so severe nor so frequent. I am just beginning the fourth bottle and have not felt so well for years. The confused dizzy feeling in the head is absolutely gone and my general health is wonderfully improved. I write this hoping it may induce some other sufferer like myself to try this invaluable medicine." MRS. W. S. CARTWRIGHT, Shelter Island, Suffolk Co., N. Y.

FELT MEAN.

"I have been troubled a great deal with headache, had no appetite, no strength and felt as mean as anyone could and be about my work. Since taking Hood's Sarsaparilla I have not had the headache, my food has relished and seemed to do me good and I have felt myself growing stronger every day." M. A. STEINMAN, 19 Grand-Ave., Grand Rapids, Mich.

NOTES ON NEWS OF THE DAY.

THE last Republican to vote should be on hand before 4 o'clock.

THE increase of registration in Buffalo was 11,181, two-thirds of it in Republican wards. Buffalo's vote is going to be an astonisher.

THE air is full of reports of desertions of Cleveland. If we may believe them, he has been traded off by wholesale in New York and Indiana.

WHATEVER the result may be to-day, be a good citizen. The most disastrous effect can be largely discounted by the man who does his best.

THE yellow fever still scourges Jacksonville. The deaths yesterday numbered two and the new cases 39. The death list has reached 366 and the sick list 4,326.

JAMES G. BLAINE went from New York to Augusta last night in order to vote. Benjamin Harrison voted in Indianapolis this morning. Grover Cleveland did not vote. Ditto Jeff. Davis.

Now let betting men prepare to settle their accounts. Somebody is going to be made unhappy, and somebody else is going to get money that he has not earned. Betting on election is bad business, and it is to be regretted that the law is not enforced.

JUDGE INGALLS yesterday found 500 more falsely registered names on the Troy lists and ordered them removed. Altogether 2,200 names have been erased in Troy, and over 3,000 in Albany, Cohoes and West Troy. They were all placed there by Democrats.

LORD SACKVILLE is going to Canada for a short visit. The *Tribune's* London correspondent has obtained ample proofs that the pretended dismissal of Sackville was the result of a bargain between Cleveland and Lord Salisbury. Sackville is not going home during his "leave of absence."

THE election news from Indiana is to be sent forward with especial rapidity in lots of twenty precincts. There are 1,773 precincts in the state. The comparison will be made with the vote of 1884. Indiana expects to decide the election, and either negative the electoral vote of New York or make it a surplusage.

WARNER MILLER closed the campaign last night at Herkimer, his home, by addressing a meeting in the Opera House. The crowd was so large that thousands were turned away. Herkimer is a close county like Chemung. It will be interesting to compare Miller's majority in the former with Hill's in the latter when the returns are in.

FIVE New York Democrats were arrested yesterday for illegal registration, and one of them, Samuel Ray, a youth of 21, was promptly put on trial before Judge Martine, convicted, and sentenced to 2 years and 4 months in state prison. The others were committed for trial in default of $2,000 bail.

GENERAL HARRISON'S last campaign speech was to a delegation of ladies and gentlemen from Terre Haute last night. They presented him with a miniature silver mounted plush chair, which was labeled "Presidential chair." The General's speech was about two minutes long, and there were no politics in it.

CHAUNCEY M. DEPEW made a political speech at Peekskill last night. This he has done for years on the evening before election. The meeting last night was the largest and most enthusiastic ever seen in the village. This explains why the Democratic majority has disappeared. The town of Cortlandt gave Hancock 172 majority in 1880. But in 1884 it changed its majority to 130 for Blaine. Last year this majority swelled to 572 for Grant.

SENATOR MATTHEW S. QUAY has proved his mettle in the canvass. He is the ugliest customer that the Democratic bosses ever ran up against. He is withal so quiet that they cannot understand him. They have tried to invent pretexts on which to arrest him, but he has acted as though he never heard of it. He brought a clean reputation to New York. This annoys Barnum, Brice and Higgins. They can't imagine how he got it and kept it.

THE tramp who knocked at the door of a powder magazine at Shannopin near Pittsburg yesterday, and exploded three tons of nitro-glycerine, is still missing. The forest of large trees that surrounded the magazine is absent also, save that the huge trunks lie scattered in all directions, broken, twisted and split. The hole in the ground dug by the explosion was 100 feet deep but the sides have since been caving in. Rocks weighing tons were ground to powder. The tramp's knock was a boo merang.

GOV. HILL'S campaign in Elmira wound up in the old-fashioned way. Joseph Eustace, his Military Secretary, was arrested yesterday for tampering with the registry, and there was serious talk for a time of arresting Hill himself for bribery. Money was paid for votes openly and boastfully. One of Hill's office holders, who was interested in an Elmira bagnio before the Governor called him to Albany, walked about the streets with a "woman of the town" on his arm, and marching into a store with a big roll of bills in his hand, paid for the purchases made by her, amounting to over $100. This man afterwards got drunk and confessed that the money was a part of the corruption fund raised by the brewers and saloon men.

GOV. HILL said a few days ago that the Democrats of New York would be justified in taking possession of the polls and holding them till all of their votes were in. Judge Barrett promptly sat down upon this opinion by deciding that every vote must be in and the polls closed at four o'clock. Last Saturday Attorney General Tabor, a handy tool of the Governor, and probably the most incompetent lawyer that ever held the office, wrote an opinion to the effect that a voter could vote all day, depositing one ballot at a time, and then returning to cast another. Yesterday Judge Lawrence blighted this extraordinary opinion by deciding that all the ballots must be voted at once; in other words, that the voter cannot return to the polls after having voted part of the tickets and departed. Hill law is very useful for scoundrels intent on fraud, but it is good for nothing in court.

Telegrams from all points in the country to THE FREEMAN show that the election, as a rule, has passed off quietly. In a number of points in this State Hill is said to have polled more votes than Cleveland. Whether or not that is true will be learned four hours hence. Features of the election follow:

White River Junction, Vt.—Fine and warm.
New Haven—The weather all over the State is cloudy and threatening. It rained some during the night and is now warm.
Springfield, Mass.—Cloudy and warm with prospects of clearing up.

Chicago—United States Signal Service advices are to the effect that the weather is cloudy throughout the states of Illinois and Indiana. This City is overhung by heavy, unbroken clouds which threaten rain.

Buffalo—Rain began to fall at 8 A. M., but soon ceased, and the prospect now is that there will be nothing more than light showers during the day. A heavy vote is being cast in nearly all the election districts, and the Republicans are very confident of increasing the majority of 1884, when Blaine received 1,053 more votes in the City than Cleveland, and 1,490 majority in Erie County.

Syracuse, N. Y.—At noon the weather was cloudy but mild. A very large vote has been polled. The indications are favorable to the Republican electoral ticket. There is considerable cutting of Miller. Several arrests were made, this forenoon, for illegal voting.

Worcester, Mass.—A light rain fell during the night, followed this morning by heavy clouds. It was damp and misty.

Rochester—At 12 o'clock the weather was cloudy and warm. The voting has been heavy. All saloons in the City are closed. All the Democratic workers are at the polls, and the Republicans are also hard at work. Harrison will probably carry this county by 2,500 majority. Blaine carried it by over 5,000. Governor Hill is running ahead of his ticket all over the City.

Philadelphia, Pa.—Election day opened foggy and misty in this City but by 10 o'clock the sky had cleared and the sun shone bright. With indications of clear weather throughout the State and the unusual interest manifested there is every prospect of a heavy vote.

Omaha, Neb.—The weather all over Nebraska is magnificent. The morning was the coldest of the season so far but by 9 o'clock a warm wave swept over the State. A better day for getting out the full vote could not have been asked.

Jacksonville, Fla.—The weather is cloudy and threatening rain.

INCIDENTS IN NEW-YORK CITY.

By Telegraph to The Freeman.

NEW-YORK, Nov. 6.—The election to-day is being very quietly carried on in this City. The political workers were at the polls early, and by 9 o'clock a large number of votes had been taken. Promptly at 6 o'clock the polling places were opened. All the banks, mercantile houses and public offices were closed. To get the vote out early a novel plan was adopted by the Democrats and Republicans. Buglers and bell-ringers were sent through the election precincts before the polls opened to wake the people up. The polls at the Seventh Election District of the Fifth Assembly District, at No. 126, Varick-street were not opened up to 9 o'clock this morning. This is a strong Democratic district. One of the Inspectors was intoxicated, and another was absent. Police Captain Thompson called at the Bureau of Elections three times to report the case. John J. O'Brien, the clerk of the Bureau, did not put in an appearance until after 9 o'clock. Finally a voter notified the Police Commissioners, and the Board immediately went into session and made appointments to fill the places of the absentees.

In the Tenth Election District of the Eleventh Assembly District there was also trouble. The poll clerks did not appear and the polls were not opened until 8 o'clock. This matter was also referred to the Police Commissioners and new clerks were appointed. It is feared this delay will prevent a number of voters from casting their ballots. Both polling places have a large registered list, and it will take pretty lively work to get all the votes in by 4 o'clock.

In some of the precincts votes were received at the rate of one a minute. Two police patrol wagons were kept at police headquarters all day ready for prompt service. In the First Assembly District, which is known as the Democratic banner district, the voting was heavy this morning. It was reported that the Tammany ticket was running ahead and that Hugh J. Grant, the candidate for Mayor, was running ahead of his ticket.

The Labor party claim that in this First District James J. Coogan will poll more votes for Mayor than Henry George did. Quite a number of arrests were made for various causes, some were held for trial, while others were discharged.

The Republicans of the Thirteenth Assembly District are said to be selling out Frederick S. Gibbs, the candidate for Assembly. No Gibbs tickets were distributed by the workers to the voters in many of the election districts. Coogan is running strongly in the Labor localities.

The County Democracy adherents claim that Abram S. Hewitt, their candidate for Mayor, is polling a larger vote than he did when he was elected two years ago.

The fight for Congress in the Fourth Assembly District is between Timothy J. Campbell and ex-Judge McCarthy. At noon the general impression was that McCarthy would be elected. It was reported that the Tammany Hall people in the Thirty-first Election District of the Ninth Assembly District were selling out Cleveland for Grant. A Committee from the National Democratic Headquarters made an investigation, and one of the members afterwards reported that the cutting had been stopped.

The *Evening Telegram* says the County Democracy candidates are undoubtedly using the knife on the National ticket. Reports reach the *Telegram* from many quarters to prove beyond all question that rank treachery to Cleveland is in the air. Open charges of treachery are made against Thomas Costigan, Ex-Commissioner Mitchell, Timothy Campbell and John Cavanagh, the two latter candidates for Congress. In the Twenty-second Assembly District the polling places showed an enormous vote up to noon. In some places where over a thousand citizens had registered the line of voters extended for over three blocks. There will be no disfranchisement in the Tenth, Twelfth or Fourteenth Assembly districts on account of the early closing of the polls, as although the registration was heavy the voting was early and in many of the polling places two-thirds had voted before noon.

John Schmidt, a boarding house keeper, was arrested by United States Marshal Straus, this morning. Straus testified that he saw Schmidt give two men two dollars each for the purpose of influencing their votes. Schmidt was held in $1,500 bail for trial. United States Commissioners Duell and Shields had their hands full all the morning listening to charges made against illegal voters. The most notable case was that of Patrick Sweeney, an employe of the United States Printing Office at Washington, who was arrested and brought before Commissioner Shield charged with giving a false address. He was paroled for examination. In the Twenty-third Ward, at the corner of One Hundred and Seventy-seventh-street and Washington-avenue, a small riot occurred this morning. A crowd of toughs swooped down upon the Tammany Hall booths and attempted to knock them over and destroy the tickets. A row followed and a number of heads were smashed. The police arrived just in time to prevent serious trouble. At the Elizabeth-street station house 100 arrests had been made up to noon by the police for illegal voting.

AT GENERAL HARRISON'S HOME.

By Telegraph to The Freeman.

INDIANAPOLIS, Ind., Nov. 6.—The day opened with a cold, drizzling rain which at 10 o'clock showed no signs of abatement. A cold wind set in, making it all in all the most disagreeable day of the season thus far. In the working precincts of the City, where the heavy Democratic vote is cast, the polls were opened at 6 o'clock by petition. At the other precincts 8 o'clock was the opening hour. In the second precinct of General Harrison's ward 100 votes were cast in the first hour out of a total vote in 1884 of 358. The voting at other precincts is almost as heavy. Large crowds surrounded all the voting places. A great deal of challenging was done, but everything is quiet. The business streets of the City present a deserted appearance.

Toward 11 o'clock the rain ceased and there were signs of clearing, but the atmosphere is damp and the streets sloppy. Reports of many arrests are coming in, both sides swearing out warrants charging attempts to commit fraud.

GENERAL HARRISON VOTES.

At 10:30 there was a crowd of about 1,000 standing around and within the livery stable on Seventh-street, where the citizens of the Third Precinct of the Second Ward voted. The rain had ceased shortly before. Two men wearing fall overcoats with collars turned up walked quietly along Seventh-street and entered the polling place. It was General Harrison and his son Russell. The distance from their residence to the polling place is three and a half squares. The chute being open when the General arrived he walked up to the window, and in the quietest possible manner handed in his ballot. As the inspector dropped the paper in the box he called out the name, "Benjamin Harrison," and the clerks responded, "number 237," signifying the number of ballots cast up to that hour. As this precinct only cast 302 votes in 1884 and 357 in 1886, it will be seen that over two-thirds of the vote was in to-day at 10:30. Russell Harrison did not vote, being a native of Montana. After the General had voted, the crowd gathered about him and a short season of hand-shaking took place. Among those who greeted him were H. D. Pierce, nephew of the late Vice-President Hendricks, and W. O. Devay, a prominent business man and Democrat. After remaining about 20 minutes and chatting familiarly with a score or more of acquaintances the General and his son returned to the house. The General seemed in excellent spirits. If he felt anxious over this eventful day's work not a shadow of it was shown on his smiling countenance. Around the General's residence everything is very quiet. No serious disturbances have been reported up to noon, but there came came near being a fight at the First Precinct of the Fourth Ward at 11 o'clock, when Chief Deputy Marshal O'Key arrested a colored man named Augustus Stewart, charging him with being an illegal voter. This is a strong colored precinct, and there was a demand made by one of the colored bystanders to know the grounds of the charge against Stewart. He was supported by several others, who demanded to see the warrant, whereupon Chief Marshal O'Key and his six deputies drew their revolvers, and surrounding the prisoner, carried him away.

POINTERS FROM PLACES FAR APART.

By Telegraph to The Freeman.

Watertown, N. Y. Nov 6.—In Watertown the vote is unprecedented. Never before has such a considerable proportion of the total vote been cast by noon. There is a great silent vote the character of which is known only to the individuals who cast it. The weather is cloudy with occasional drops of rain.

ELMIRA, N. Y.—The vote is light for a Presidential year. No trouble at the polls except in the Fifth Ward where an arrest was made for attempted bribery.

Jersey City, N. J.—The polling here is very heavy. Three men have been arrested for illegal voting.

Hartford, Conn.—A very large vote is being polled quietly and steadily.

Kansas City—The Fifth Ward in Wyandotte was the scene of much confusion this morning. Mayor Hannan appointed Judges contrary to the approval of the Council. Councilman Hilliker refused to allow the polls to be opened, and at 8 o'clock a general row occurred, which resulted in the police taking charge of the ballot box. The result has not yet been determined. The ward is Republican.

Ithaca, N. Y.—The weather is warm and cloudy. A full vote is being polled. Both parties claim a small majority in this City, but the County will give Harrison from 600 to 900 majority.

Gravesend, L. I.—The election is passing off very quietly. A heavy vote is being polled, 923 ballots having been deposited before noon. The McKane Democrats are voting the straight Republican ticket except for County Register, and instead of the usual Democratic majority the town will undoubtedly go for Harrison and Miller. Hill is being badly cut and will run behind the rest of the ticket.

Newark, N. J.—The election is going on quietly and a full vote is being polled. A few arrests have been made for illegal voting. The indications are that the County will be close on the National candidates.

Wilmington, Del.—Secretary Bayard reached his Wilmington home last night and voted in the Eleventh Ward.

Columbus, Ohio—Reports thus far received from the States show a big vote being cast, the vote promising to be unprecedented.

Norfolk, Va.—More interest is shown by both parties than in any election for years. The colored people are out in their full strength.

Binghamton—Fully two-thirds of the City's vote was polled at noon. Unusual interest is manifested. The City will be Democratic without doubt. J. H. Blakeney, the Labor candidate for Lieutenant-Governor, whose home is here, estimates that he will receive about two dozen complimentary votes in the City. The Prohibitionists are making no effort, many of them voting the Democratic and National ticket.

Auburn—Unusual interest and activity is manifested at Auburn's 10 polling places to-day. The number of workers at the polls is greater than ever before. Many wards had cast two-thirds of their total vote at noon.

Brooklyn—The vote of this City was practically polled at 1 P. M. Great interest is felt in the contest, but everything is quiet.

Providence, R. I.—At 3 P. M. the City vote with one ward lacking was: Harrison, 5,364; Cleveland, 3,969, Fisk, 332. Four years ago at this hour the vote was: Blaine, 5,617; Cleveland, 3,398; scattering, 306.

DEMOCRATS GIVE UP SCHENECTADY.

By Telegraph to The Freeman.

SCHENECTADY, N. Y., Nov. 6.—The weather up to 1 o'clock to-day has been warm and very pleasant. The vote is the largest that has ever been polled at any election in this County at that hour. The Democrats have conceded the County to Harrison by 500, and there is no doubt that Yates, [Republican] for Assembly, will be elected by a good majority. There is no Labor ticket in the field.

DESPERATE FIGHT AMONG CHINAMEN.

Highbinders Attempt to Rob a Disreputable Chinese House in San Francisco.

By Telegraph to The Freeman.

SAN FRANCISCO, Nov. 6.—A desperate fight occurred in a disreputable Chinese house yesterday, between the proprietor and a gang of Highbinders, who attempted to rob the place. The Highbinders got a confederate to sleep in the place and admit them. Chin, the Highbinder leader, threw red pepper into the eyes of the woman at the door, beat the wife of the proprietor over the head with an iron bar, and badly wounded the proprietor. Wong Too, who was left as guard at the rear door to prevent the escape of the inmates, tried to shoot Wong Gong, who appeared at the window ready to jump. Gong procured a rifle and shot the Highbinder twice, inflicting wounds from which he died in a few minutes. The police arrested all of the parties. The raid grew out of the failure of the brothel keepers to pay blackmail to the Highbinders.

A DISASTROUS FIRE AT HAVERHILL.

The City Hall Completely Gutted and Other Buildings Damaged.

By Telegraph to The Freeman.

HAVERHILL, Mass., Nov. 6.—This forenoon a fire started in the City Hall here. The flames communicated to the Methodist meeting house, the Haverhill hat factory, the Congregational Church and a large saw mill. The City Hall was completely gutted. The other buildings were badly damaged. The loss is heavy.

The prisoners refused to accept freedom at such a price.

THE SAVAGE WAY.

How the Indian Treats an Injury—Old-Time Methods.

The savage is emphatically the child of nature. He lives close to nature; his only education is gained in nature's school.

When the Indian receives an injury, he does not seek a cure in mineral poisons, but binds on the simple leaf, administers the herbal tea, and with nature's aid, comes natural recovery.

Our rugged ancestors, who pierced the wilderness, built their uncouth but comfortable Log Cabins and started the clearings in the woods, which in time became the broad, fertile fields of the modern farmer, found in roots and herbs that lay close at hand nature's potent remedies for all their common ailments. It was only in very serious cases they sent for old "saddle-bags" with his physic, which quite as often killed as cured.

Latter day society has wandered too far away from nature, in every way, for its own good. Our grandfathers and grandmothers lived wholesomer, purer, better, healthier, more natural lives than we do. Their minds were not filled with noxious isms, nor their bodies saturated with poisonous drugs.

Is it not time to make a change, to return to the simple vegetable preparations of our grandmothers, which contained the power and potency of nature as remedial agents, and in all the ordinary ailments were efficacious, at least harmless?

The proprietors of Warner's Log Cabin remedies have thought so, and have put on the market a number of these pure vegetable preparations, made from formulas secured after patient searching into the annals of the past, so that those who want them need not be without them.

Among these Log Cabin remedies will be found "Log Cabin sarsaparilla," for the blood; "Log Cabin hops and buchu remedy," a tonic and stomach remedy; "Log Cabin cough and consumption remedy," "Log Cabin hair tonic," for strengthening and renewing the hair; "Log Cabin extract" for both external and internal application; "Log Cabin liver pills;" "Log Cabin rose cream," an old but effective remedy for catarrh, and "Log Cabin plasters." All these remedies are carefully prepared from recipes which were found, after long investigation, to have been those most successfully used by our grandmothers of "ye olden time." They are the simple, vegetable, efficacious remedies of Log Cabin days.

FOUR AND EIGHT YEARS AGO.

The following tables of majorities for President in 1884 and 1880 will be useful for comparisons when the returns come in. It will be observed that Blaine carried 47 counties and Garfield 46. Blaine gained Chemung and Greene, and lost Oneida, Suffolk and Niagara. He also made gains over Garfield in Albany, Columbia, Delaware, Franklin, Monroe, Putnam, Queens, Saratoga, Schuyler, Seneca, Warren and Yates. Blaine was not considered as strong a candidate as Garfield anywhere, and these gains show an unmistakable Republican growth in the rural counties. Blaine came to the Harlem with a majority of 62,191, and Garfield with 74,939. Cleveland met Blaine at the Harlem with 63,238 majority, and Hancock met Garfield with 53,906. The following are the tables:

Cleveland over Blaine, 1,047.

This tendency towards Republicanism has been continued. In twenty-six counties there were gains for Grant, the Republican candidate for Secretary of State last year, as the following figures will show. The Democratic majorities are marked with a star:

Counties.	Majorities.
Broome	2,448
Cattaraugus	1,804
Clinton	1,228
Columbia	1,058
Erie	2,002
Franklin	1,854

Schuyler	619
Suffolk	847
Sullivan	187
Tioga	1,269
Tompkins	1,048
Ulster	862
Westchester, Dem	*251

The net Republican gain in these counties was 17,479. Grant was defeated by the Republican stay-at-home vote in a few rural counties, and a gain for Cook over Cleveland of about 17,000 in New York, Albany and Monroe. The rural vote is all out to-day. Monroe is herself again, and New York is left to fight the battle for free trade, free whiskey and no Sabbath alone.

OUR CANDIDATES.

The Republican party has been fortunate in its candidates. Gen. Harrison was little known in the East previous to his nomination, and his good fortune in being made the choice of the Republican National Convention was supposed to be due in a large degree to his illustrious ancestry. The veterans of seventy or eighty years, who voted for Harrison in '40, were the first to feel an electric thrill at the mention of his name. Then others began to explore the life of the candidate, and were pleased to learn that he had made a noble record of his own. They found that in spite of his honorable parentage he had begun life poor—as poor as Garfield or Lincoln—and had "worked his way up" by dint of the same unflagging industry and perseverance. Such a fact is always a strong commendation to the masses of the people, and they at once took him into their confidence.

His conduct during the campaign has shown him to be possessed of excellent sense and wonderful self-control. Delegations of thousands of men have thronged upon him every day, coming hundreds of miles to hear his voice and grasp his hand. There was an immense wealth of real heart homage in this, but it neither flattered his vanity nor turned his head. To all of them he made speeches, and these efforts stand among the clearest and ablest discussions of the campaign. Not a subject of interest did he leave untouched, and yet it was impossible to discern from any expression that he was personally interested. On every occasion he has put the issues of the day in advance of himself, and sought to teach the country that measures were of more importance than men in the election. It should also be said that he has not blundered. Political opponents have hung on every word, eager to catch something that could be misconstrued to his prejudice among the people, but they have utterly failed. He has shown the self-mastery and firm equipoise of a true leader. And the result of to-day's work, whatever it may be, cannot change or weaken the verdict that he is an ideal candidate. In victory or in defeat the Republican party will remember his leadership with satisfaction and pride.

And then there is Levi P. Morton, our candidate for the second office in the Nation. Mr. Morton has not thrust himself forward in the canvass. He has shown entire willingness to stand or fall with his party. And yet there has been an inspiring influence in his candidacy among the people in the river counties, where he is reckoned a neighbor and friend. They have felt the impress of his broad intelligence and learned to esteem him for the honorable and successful business career which his candidacy has given them the occasion to study. Among business men his rank is like that of Harrison among public men. Though he has amassed large wealth, there is no stain upon his integrity. He possesses the heart, and has found the time, to be noble, philanthropic and hospitable. He will be remembered for the pleasure that his interest in the campaign has given the people here, long after the asperities of the conflict have been forgotten.

Warner Miller has led his own canvass, as one who felt it a conscientious duty to do his utmost for the improvement of the government of the state. His campaign has been so extensive, reaching out into the remotest localities and settlements, that every voter has has had the opportunity to hear him who wished to do so. And the Republican party is grateful to Warner Miller for doing this work because he has done it so magnificently. He has lifted the party up to a plane on which the best morality can stand and be satisfied. From the advanced position which it has taken under Miller's leadership it will never recede. He has ranged the forces of law, order, decency, temperance and good morals on one side, and henceforth they are to stand together. All honor to Warner Miller for daring to be honest and fearless. It is greater to be a true man than to be Governor.

Cruger and Rumsey have also made good candidates. Their pre-eminent fitness for the places to which they were nominated was at once recognized, and no man has been able to find a flaw in their records and characters. They have held aloof from the strife, as becomes men who expected to be chosen to positions that called for impartial judgment. Their high characters have given strength to the party. The same can be said with equal truth of Charles J. Knapp, nominee for Congress, and our local candidates.

The campaign will be remembered for its cleanness from scandal and its strict attention to vital issues in the state and nation. This good result is to be attributed largely to the selection by the Republican party of men against whom the shafts of slander would have struck and been shattered without inflicting a wound. The Democrats saw this, and called for an avoidance of "personalities." The compact was made and has been honorably kept.

C. G. GUNTHER'S SONS,

ESTABLISHED A. D. 1820.

184 Fifth-Ave., New-York City.

OFFICE OF THE CLERK OF THE BOARD OF Supervisors of Ulster County, Kingston, N. Y.—Notice is hereby given in pursuance of Chapter 83, of the laws of 1861, of the State of New-York, that all persons having claims or accounts against the County of Ulster are required to deposit the same with the Clerk of said County, at his office in the City of Kingston, N. Y., on or before the third day of the next annual session of the Board of Supervisors of said County, commencing at the Court House in Kingston, NOVEMBER 13TH, 1888, and in default thereof that such bills or accounts will not be audited at such annual meeting. See Law referred to below. E. B. WALKER, JR., Clerk of the Board of Supervisors.

WHEN AND HOW ACCOUNTS ARE TO BE PRESENTED.

Blanks for the presentation of claims, containing affidavits, etc., required by the Board of Supervisors can be procured of the different Supervisors and Town Clerks, the City Clerk of the City of Kingston and also at the office of the Clerk of the Board of Supervisors. It will be quite necessary for parties having claims against the County of Ulster to make them out on these blanks, as the Board at their last annual session passed a resolution "that the form of oath to be attached to claims hereafter presented to the Board of Supervisors for audit and allowance shall contain a clause 'that no part of the claim has been presented to any previous Board' and in default thereof no such claims shall be audited or allowed."

The act of 1861 (Chap. 83), as amended in 1862, (Chap. 345), provides a time and manner of presenting accounts for audit in certain counties and also provides that the act shall apply to any county the Supervisors of which shall adopt the same. The act is as follows:

"The Supervisors of the counties of Onondaga, Tioga, Oneida, Fulton, Monroe, Broome, Delaware, Cayuga, Orange, Jefferson, Richmond, Livingston, Chenango, Chemung, Ulster, Dutchess, Steuben, Niagara, Columbia and Herkimer, by their clerks, shall provide boxes with suitable inscriptions thereon and with openings in the top, to be kept in the offices of the clerks of said counties and in their charge under lock and key, in which shall be deposited by said clerks all accounts and claims against said counties duly verified according to law; and whenever such boards shall severally for themselves order, the clerks of said boards shall take from said boxes all bills and accounts against said counties, which they shall then file and number and it shall not be lawful for said Boards of Supervisors in any one year to audit as against said counties any other bill or account than such as shall have been deposited in said boxes or otherwise in their possession, upon the morning of the fourth day of the annual meeting of said Board, except bills for the service of Supervisors, their Clerks and Janitors, and except bills for the services or disbursements rendered or made during the session of the Boards." (Id §1).

The above provision applies to all claims, whatever their form, which are required by law to be transmitted to the Supervisors for audit, save those specifically excepted. Thus a judgment, although a legal claim upon the county, must be presented. (Burrows vs. Monroe, 23 How. 398).

The Clerks of the Board of Supervisors of the several counties named in this act shall annually give notice, in at least two of the newspapers published in said counties, of the time of holding the annual meeting of said Boards in each year, to be inserted in said papers at least once in each week for four weeks previous to such meetings and requiring all persons having bills or accounts against the said counties to deposit the same with the County Clerk, duly verified, on or before the third day of the next annual meeting of said Boards and in default thereof that such bills of accounts will not be audited by said annual meetings. (Laws 1861, Chap. 83. §6.

DRUNKENNESS,

OR THE LIQUOR HABIT, POSITIVELY CURED BY ADMINISTERING DR. HAINES' GOLDEN SPECIFIC.

It can be given in a cup of coffee or tea without the knowledge of the person taking it; is absolutely harmless, and will effect a permanent and speedy cure, whether the patient is a moderate drinker or an alcoholic wreck. Thousands of drunkards have been made temperate men who have taken Golden Specific in their coffee without their knowledge and to-day believe they quit drinking of their own free will. It Never Fails. The system once impregnated with the specific, it becomes an utter impossibility for the liquor appetite to exist. For sale by COOPER & HARDENBURGH, Druggists, Kingston, N. Y.

The Old Doctors

Drew blood, modern doctors cleanse it, hence the increased demand for Alteratives. It is now well known that most diseases are due not to over-abundance, but impurity of the blood, and it is equally well attested that no blood medicine is so efficacious as Ayer's Sarsaparilla.

"One of my children had a large sore break out on the leg. We applied simple remedies, for a while, thinking the sore would shortly heal. But it grew worse. We sought medical advice, and were told that an alterative medicine was necessary. Ayer's Sarsaparilla being

Recommended

above all others, we used it with marvelous results. The sore healed and health and strength rapidly returned."—J. J. Armstrong, Weimar, Texas.

"I find Ayer's Sarsaparilla to be an admirable remedy for the cure of blood diseases. I prescribe it, and it does the work every time."—E. L. Pater, M. D., Manhattan, Kansas.

"We have sold Ayer's Sarsaparilla here for over thirty years and always recommended it when asked to name the best blood-purifier."—W. T. McLean, Druggist, Augusta, Ohio.

"Ayer's medicines continue to be the standard remedies in spite of all competition."—T. W Richmond, Bear Lake, Mich.

★ Dr. David Kennedy's ★
CHERRY BALSAM.

For the cure of coughs, colds, sore throat, diphtheria, diseased lungs, asthma, bronchitis, whooping cough, etc., and all acute affections of the air passages, the chest, the pleura and the lungs. It contains no deleterious drug and can be safely administered to the most debilitated adult or the most delicate child. It strikes at the very root of pulmonary disease. Never conclude that a fresh cough "Will get well of itself in a few days." It may do so and on the other hand, by neglecting it, one may lay the foundation of some incurable pulmonary or throat trouble. Dr. David Kennedy's Cherry Balsam will relieve the cough almost immediately and prevent its becoming seated. Those whose business obliges them to travel and who labor more or less under chronic, consumptive or bronchial coughs should not fail to carry with them a bottle of Dr. David Kennedy's Cherry Balsam, taking it occasionally in small doses as they may feel the need. The cough will abate almost on the instant and the breathing and expectoration become more easy and free. It soothes any sense of irritation that may exist, subdues inflammation or soreness in the lungs throat and air passages, and prevents attacks which are always embarrassing and may prove serious during an absence rom home. No other preparation offered to the public possesses anything like the power of this one over these common and dangerous complaints. To all right feeling persons it is a privilege as well as a duty to provide for the comfort of the aged parents or other relatives who live with and depend upon them. A valuable help in this direction is Dr. David Kennedy's Cherry Balsam, which is more perfectly adapted than anything else to quiet and cure the winter cough to which so many old people are subject. Whether the cough arises from some chronic trouble or from mere feebleness and lack of vitality this gentle and safe medicine is equally effective.

RIKER'S

EXPECTORANT

Acknowledged by all who have used it to be the most wonderful cure in the world for Coughs and Colds.

If taken as soon as you feel that irritation or dryness of the throat, occasioned by a cold, four to six doses will cure.

It won't cure a horrible sore throat in one night, nor in fact will it cure anything in that space of time. It takes at least a day or so to cure a cold, but

IT GETS THERE ALL THE SAME.

It stops your cough almost at once, but should you stop taking it after two or three doses probably your cough would return. One thing you can always be sure of: Long before you have emptied the bottle you will be "all O. K."

As a trial of this truly wonderful medicine costs nothing, and as 95 cases out of every 100 will be cured it is well worth your while to at least make the trial.

NOTES ABOUT CURRENT LITERATURE.

What Brainy Men and Women Find to Write About These Days.

Merely passing mention.

Ella Wheeler Wilcox composed her beautiful little poem, "The Land of Nod," while rocking her baby brother to sleep in the cradle.—*New-York Evening World.*

"Out with Mosby's men," is a spirited account by Mrs. Jeanie Gould Lincoln of a woman's courage and determination, which will appear in the December number of *Peterson's Magazine.*

The *Forum* for November contains a broad review of Old-World politics, European and Asiatic, by Professor Arminius Vambery, the famous Hungarian author, who writes on "Is the Power of England Declining?" After a retrospect of the methods whereby the British power was built up, he reviews the modern mismanagement of India, Russian encroachments, the decline of the British army and navy, and the changed conditions of colonization and conquest since the rise of the mere party politician in England. His conclusion is that there is danger of a decline of British power. Another foreign political study in this number is "Canada and the United States," by Professor Goldwin Smith, who believes in ultimate annexation. He discusses the subject from many points of view, and pays his compliments to the politicians of both countries. No important phase of the subject is overlooked in this review of the present status of the question.

"Toeing the Mark."

[From the Newburgh Press.]

At nearly all the fashionable weddings, now, little chalk marks are made on the carpet in front of the chancel, to tell each member of the bridal party where to stand. This is in order to have them at regular distances and make a good appearance. And it compels the groom to "toe the mark" rather early in his conjugal experience.

John Farleigh, Esq., lives at Platte Canon, Col., on that vast sea of bewildering and natural beauty. He says: "I feel as if I had a new lease of life. ONE FACT

Is worth a column of rhetoric, said an American statesman. It is a fact, established by the testimony of thousands of people, that Hood's Sarsaparilla does cure scrofula, salt rheum, and other diseases or affections arising from impure state or low condition of the blood. It also overcomes that tired feeling, creates a good appetite, and gives strength to every part of the system. Try it.

The only reliable cure for catarrh is Dr. Sage's Catarrh Remedy.

"He most lives who thinks the most,
Acts the noblest, feels the best,
And he whose heart beats quickest
Lives the longest, lives in one hour
More than in years do some whose
Fat blood sleeps as it slips along the veins."

These lines describe that condition of perfect health which all men and women wish to enjoy. To be able to think clearly, to incline to do noble acts, to live long and joyously, we must be free from the domination of disease. By taking Dr. Pierce's Golden Medical Discovery we may, by purifying the blood, escape consumption, general debility and weakness, and all blood and skin diseases, and verify the truth of poetry as well as fact.

THE REV. GEO. H. THAYER, of Bourbon, Ind. says: "Both myself and wife owe our lives to SHILOH'S CONSUMPTION CURE." Sold by Frederick J. R. Clark.

My boy [3 years old] was recently taken with cold in the head; his nose was stopped up for days and nights, so that it was difficult for him to breathe and sleep. I called a physician, who prescribed, but did him no good. Finally I got a bottle of Ely's Cream Balm. It seemed to work like magic. The boy's nose was clear in two days, and he has been all right ever since.—E. J. Hazzard, New-York.

NOTES OF WARNING.

Fortunate is the person who reads them. No other pulmonary complaint is so prevalent as Bronchitis. Lawyers, clergymen and those who make much use of the vocal organs are very liable to it, although it attacks people in every walk of life, and is often mistaken for consumption. At first it resembles a common cold, and is attended with a cough, hoarseness, more or less soreness of the throat and lungs, and at length expectoration of mucous and difficulty of breathing. As the patient grows weaker night sweats and hectic fever ensue. In plain English, Bronchitis is inflammation of the lining of the windpipe. In recent attacks Dr. Kennedy's Cherry Balsam completely cures in a few days. This splendid and original preparation at once subdues the pain, cough and difficulty of breathing. When, however, the case is of long standing Kennedy's Favorite Remedy should also be used to correct the stomach, regulate the bowels and purify and vitalize the blood. With proper care as to diet and exposure the patient may hope for the best results.

FOR WOMEN.

Are you wasting slowly but surely away from the effects of female weaknesses? Are you wan, pale, and nervous? Do you not sometimes feel that life is losing its attractions, and that you are gradually sinking into a decline which, if not taken in hand promptly, will end in an early death? Yes, you have felt all these things, and doubtless know that tens of thousands of once rosy cheeked, plump, healthy girls and women go into their graves every year solely because these weaknesses were allowed to sap up the well springs of life till nature could no longer stand the strain. There is not a sensible maid, wife or mother who will not appreciate as more valuable than gold and precious stones Dr Fontaine's new remedy **PALMETTO**, which is safe, sure, and speedy in curing the worst case of female weakness.

Mailed secure from observation on receipt of $1.00 I also have a full line of elegant Toilet Goods, including Face Cream and Jellies, Wrinkle Paste Fattening Formula, Auburaine, Depilatory, Acaine, Freckle Lotion, etc. Development of a beautiful form a specialty. Sealed circulars, 4 cents.

GLEANINGS IN THE CHURCH PORCH.

Peculiarites of Choir Singers—A Kingston Pastor who Has a Large Congregation.

Grace begets grace.—*Sophocles.*

There are so many members in a church in Kingston that if the Pastor made one call every day in the year he would not be able to visit all of his parishioners.

A lecture course has been arranged by the people of the Clinton Avenue M. E. Church, Kingston. The first lecture will be delivered on November 21 by the Rev. O. A. Brown. Subject "Misplaced Men." The other lectures will be given on November 26, December 3, December 14 and December 21.

The Rev. J. H. Ackerly, on Sunday night, in Kingston, spoke plainly to his congregation about voting. He said: "There will be a chance on Tuesday to make yourselves known and felt, and I hope you will vote so that afterwards you will not be ashamed of yourselves."

Not long ago I indulged in some good natured criticism of choirs. The subject is an inexhaustible one. For instance, I heard the other day of a noted tenor of Baltimore who was rendering a solo in Warren's "Te Deum," and mistaking the instructions for the organist as to the use of the stops for the words of the "Te Deum," sang out at the top of his voice, "Pedal great gamba and swell," to the amazement of the congregation. Another instance even more absurd was that of a well known baritone singer in the same church who on another occasion placed the slur on the wrong note. He had adapted the air of "The Jewish Maiden," to a hymn beginning "Before the Lord we Bow," and instead of placing the slur on the first two syllables he placed it on the last one rendered it thus: "Before the Lord we bow-wow wow." The effect was immense.—*New York Tribune.*

DROWNED IN THE D. & H. CANAL.

One Thomas Riley Who Lost His Life, this Afternoon, at Lawrenceville.

"It never rains but it pours."

A dispatch from Rosendale to THE FREEMAN, this afternoon, stated that one Thomas Riley, 60 years of age, a married man, was drowned in the Delaware & Hudson Canal, at Lawrenceville, to-day. It is said he had been indulging in intoxicants.

OTHER ACCIDENTS NOTED.

Frank Hoffman, a 12-year-old boy at Poughkeepsie, was severely injured by the bursting of a bottle, one day recently.

A young man named George Proper, of Ponckhockie, had his left hand burned last night by being shoved into a blazing barrel as the Democratic "business men's" parade went by.

While Simon Van Steenburgh a young man employed at the Wallkill Portland Cement Works, at South Rondout, was engaged in tending a shute, yesterday afternoon, his left hand was caught by a revolving feeder and severed near the wrist.

The hand of a son of Caleb Lyons, of Wilbur, aged 18, was badly injured at the Hudson River Cement Works, yesterday, by becoming entangled in a rope. Surgical attendance was rendered by Dr. George C. Smith.

Bicyclers as Couriers.

The question of using bicycles in the army for the purpose of carrying dispatches is still being discussed, in Europe. By experiment it has been shown that bicyclers acting as couriers can carry dispatches long distances in less time than couriers can on horseback. Not long ago a bicycler brought the subject before officers of the Russian army. They laughed at him. He finally prevailed upon them to make a test. A bicycler 15 years of age, undertook to compete with a grenadier on horseback to carry a dispatch 70 miles. The bicycler was successful. He delivered the dispatch and returned with the answer four hours sooner than the horseman. This feat created a sensation.

'Long Shore Drift.

Roll on, O river.—*De Jog.*

More deaths from diphtheria are reported in Newburgh.

The Board of Alms Commissioners of Newburgh, has resolved to appropriate $16,000 for the current year, $3,000 more than last year.

Among the many bequests in the will of the late John Guy Vassar, of Poughkeepsie, is $272,000 to Vassar Brothers' Hospital; $100,000 to John Guy Vassar Orphan Asylum; $130,000 to Vassar College, and $15,000 to the Baptist Church, of that City.

Soiree—Ball.

"Let us be merry."

The members of the Fifteenth Separate Company, of Poughkeepsie, held their annual ball last evening.

Last night the members of the Rondout Cremeiux Literary Association held a soiree in their rooms in the McMillan building, corner of The Strand and Hasbrouck avenue. There was a large number of guests. The evening was spent in dancing and social enjoyment. A supper was served.

A. S. FORD DECLARED NOT GUILTY.

The Finale of the Murder Trial Up in Hudson, Columbia County.

A dispatch from Hudson to THE FREEMAN to-day stated: The jury in the second trial of Andrew S. Ford, charged with poisoning his wife, after being out 12 hours, rendered a verdict this morning of "not guilty." The prisoner, who has been confined in jail for over a year, received the warm congratulations of his friends on his discharge.

A Large, Symmetrical Tree.

I never saw an oft-removed tree,
Nor yet an oft-removed family,
That throve so well as one that settled be.
—*Franklin.*

The large elm tree on the Kingston Lowlands, which has been often mentioned in prose and poetry, stands now with naked branches. Said a stranger yesterday: "That tree is so symmetrical, dame Nature must have used a measuring rule when she formed its branches."

Horses Fleet of Limb.

As fleet as a sunbeam.—*Fry.*

A fast trotter, now in these parts, was speeded on the Kingston Driving Park, to-day.

The fast sorrel pacing team of mares, lately owned by Ernest Steuding, which have made fast time on Kingston thoroughfares, will herafter grace Brooklyn drives, they having been disposed of to a resident of that City.

Friendly Societies Notes.

I call to mind your gracious favors
Done to me. —*Two Gentlemen of Verona.*

The new officers of Rondout's Good Templer Lodge will be installed on Friday night.

Regular convocation of Mount Horeb Chapter, No. 75, Royal Arch Masons, tomorrow evening.

Neglected Graves, Etc.

Neglected graves are not half so sad as neglected poor people who will soon need graves.—*New Orleans Picayune.*

The correspondent of THE FREEMAN at Marlborough writes to say that in a cemetery there graves are woefully neglected, and adds "something ought to be done."

In the "Good, Old Way."

At a recent wedding in Lackawack, Ulster County, instead of a diamond ring the groom presented the bride with a sewing machine. That couple are starting in life in "the good old way."

A TRANSCONTINENTAL TRIP DESCRIBED

Another Breezy Letter From the Rev. A. K. Van Tassell, of Union.

If one has eyes, brains and education, there is much to see and hear while traveling.—*Barton.*

The Rev. A. K. Van Tassell, of Union, who has written a series of breezy letters, especially for THE FREEMAN, telling about his recent trip across this Continent, writes, today, as follows:

A MAGNIFICENT COUNTRY.

It took four letters to carry us through to Southern Oregon, it shall take but one to bring us back again, even though we take an entirely new route. My pen is a little weary, and so, I fancy, must be the eyes of your readers. Still the North Pacific Railroad runs through a tract of country no less magnificent than the Union Pacific and other roads over which we have traveled. Much of the scenery, however, is so nearly identical, save in its location, that I would be repeating to describe it minutely. I wish first of all to correct an error of my own—a slip of the pen—in my last letter. I convey the idea that Multnomah Falls, Bridal Veil Falls, Rooster Rock and The Needles are scenes along the Portland and San Francisco Railroad whereas they were scenes of the day previous and lie along the Columbia River.

COVERING 3,240 MILES.

On our return trip we will pass over the same road to Portland, thence to Wallula Junction, where our journey will take a new course over the Northern Pacific Railroad through Eastern Washington, Idaho, Montana, Dakota, Minnesota and Wisconsin to Chicago, thence over the Michigan Southern and Lake Shore to New-York, the entire homeward trip covering a distance of 3,240 miles. I would advise any traveller, however, to take the Tocoma division and pass through the great tunnel under Stampede Pass, which is only second to the great Hoosic tunnel. A grander sight still would be afforded if the traveller could go over the celebrated switch-back, a grade of 296 feet to the mile from the summit of which the great glaciers of Mt. Tacoma may be seen.

"STRONG WATER FROM SACRED GROUND."

We leave Pasco and come to Palouse which has no particular interest save that this is a branch road to Colfax station here. Colfax has a Baptist college under the care of President Trimble, who also preaches, I learn from the Portland paper, for the Baptist Church in Colfax. We have been passing through a hundred miles of country which we cannot describe because it was night time and though moonlight, we had to close our eyes a few hours for sleep. But by 10 o'clock in the forenoon we find ourselves at a station called Cheney. Here I believe is an Academy named after its founder Benjamin P. Cheney. But another thing makes this a stopping place for many. It is the station at which passengers get off who are bound for Medical Lake, situated eight miles away to the north. A mile and a half by a half-mile in size it contains medicinal qualities of the finest kind. These have been long known to the Indians, who named the lake "Skookum Chuck Pe Sauklee Tyee Illike," which being interpreted means "Strong water from the sacred ground." Happy would it have been for these sons of the forest if the white man had never introduced to them a stronger water which the medicinal properties of Medical Lake will never counteract. Five or six thousand people go annually to this lake, and this number will be largely increased as the population increases in the territories or traveling expenses are reduced.

CONCERNING SPOKANE FALLS.

We pass through several stations and come to Spokane Falls—pronounced Spokan—a rapidly growing town and one as well known to the readers of our daily papers as any town in the United States. A year ago there were 5,000 people in this town. From the railroad it does not present a very imposing appearance, the houses being small, scattering and bearing the usual characteristics of a western village, anything for the present. The omnibus, barouche, dog carts and all are waiting at the station making it look as though business was lively. At Hausee station, 19 miles further east, another short branch road begins. It is but 13 miles long, and runs to a mining village named Coeur d' Alene, where are to be seen some of the richest placer and quartz mines in the United States.

IN IDAHO AND MONTANA.

We have passed the State line and are in Idaho. The next point of interest is a magnificent lake, Pend d'Oreille, along whose shore we ride for over 20 miles, sometimes crossing shallow portions of it, with water on each side the train for a long distance. A large hotel, to accommodate tourists, is located on this lake, at a station called Hope, but whether that name reveals the state of mind of the man who runs the hotel, or whether it applies to the hunter who makes this his quandam home, while he scours the country for game, I cannot tell. A few miles on we come to Heron, which is just over the Montana line, for it must be remembered that the Northern portion of Idaho is but a narrow strip, and quickly traversed by the steam horse. As the railroad runs, the distance across Idaho is but 90 miles. But Montana makes up for this narrow breadth of territory by stretching itself out over 780 miles, as the railroad runs. According to the geographies, however, Montana is but 540 miles long at its greatest length. Therefore the railroad must lose 240 miles in crossing this territory. Montana contains 92,000,000 acres of land, three times as much as New-York State of which about one acre in four is tillable, the rest being high mountain land or barren alkali plains. The back-bone of the Rockies divides this territory from Idaho, the particular portion of the range at this place being called Bitter Route Mountains. Helena, the capitol and chief City, is located in the neighborhood of mining districts, the chief source of wealth in this territory. All around are visible effects of placer-mining causing the face of nature to resemble a garden after the hogs have been in and rooted around a while. Up along the mountain slopes are miners ditches through which water is brought long distances for hydraulic work or gold washing. Helena has no appearance of being a Western city. All the typical Western buildings have been crowded out to give place to the best class of brick and stone buildings. Once in a main street of Helena, without being told, you would declare it to be New-York or Brooklyn. Wealth stares at you from every corner. Residences that rival the brown stone fronts of our Eastern cities are everywhere seen, magnificent public buildings, churches, hospitals and even a cathedral are here.

LICENSED GAMBLING DENS.

In Helena you will find some things unlike some of our Eastern towns. I refer to the open and licensed gambling dens, with a sign telling the traveler that they belong to the high-toned class of gambling institutions, having paid their license fee and received the permission to carry on their lawful industry. The Sabbath is no different from any other day, except to church-goers. Work goes on, amusements and pleasure-seeking go on, but, then, I ought not to class Helena among peculiar cities for this. How is it at home? Helena also supports street cars, electric lights, theatres and a brewery. Land for building sites in the centre of the City commands as high a price of $1,400 a front foot.

[*To be continued in a later issue.*]

Journalistic Notes.

Do not let your overweening modesty prevent you from recording your own good deeds. A real estate man lost a fortune once through an unrecorded deed.—*Harper's Bazar.*

The *Wurtsboro Dispatch* says: "On and after next Wednesday we shall allow 10 cents a bushel for red bandannas, taken on subscription."

The *Middletown Argus* of November 5 makes the following unique announcement: "No paper will be issued from this office tomorrow. The day is a legal holiday and many of those connected with the office wish to devote it to political work. Besides so far as news is concerned—there will be absolutely no news, nothing from which to make a newspaper, for there will be no interest in politics and there will be nothing but politics."

NOTES AT THE POLLS TO-DAY.

A LARGE VOTE HAS BEEN CAST IN ULSTER COUNTY.

Every Indication Points That Harrison and Morton Have Received a Handsome Plurality—Votes That were "Traded Off"—Incidents in Kingston.

For hope with flattering dreams is the delight of many.—*Sophocles.*

One of the most important elections ever held in the United States is now over, and issues that have a great bearing on the future welfare of this country have been decided. What reporters of this newspaper saw and heard at the polls in this City, in Ulster County and elsewhere is told in this column.

IN KINGSTON CITY.

Is it Miller or Hill?

The ward heeler was on hand early.

There was a large gathering at the Eighth Ward polls.

Saloon-keepers were especially active around the polls.

In several saloons free drinks were served in the interest of Hill.

Henry Rosencranse is the oldest colored voter in the First Ward.

James J. Styles was the oldest voter in the First Ward. He is 88 years old.

Well, it's all over, and it looks as though Harrison and Morton were elected.

The votes of the members of the G. A. R. have been an important factor in this election

At the Ninth Ward poll it was publicly stated that the Democrats were using money freely.

Some of the "trading" gave evidence that there are many voters who care but little for principle.

There was much challenging done at the polls, and a number who had made wagers, lost their votes.

Hill men made desperate efforts to catch the floating vote with money. They had plenty of boodle.

There are many "split tickets." The Inspectors and Clerks will be later than usual in counting the vote.

There were a greater number of votes polled in the First Ward at 3 o'clock than there were altogether in 1884.

It does not matter so much what a stump speaker says. It is the way that it is said that is important.—*New Orleans Picayune.*

The "floaters" on the streets furnished evidence that the Democratic boodle was being put where it would do the most good."

Inspectors in this City received votes today for County Superintendent of the Poor. Neither Silas Saxton nor Joseph H. Risley "ran" in this City.

The $3 paid to election clerks to work from sunrise until 11 o'clock at night, is niggardly pay, and the wonder is that competent men are secured.

The steamer "City of Kingston" arrived at Rondout at about 1 o'clock this afternoon. This trip was made for the accommodation of voters, who were carried free.

At the First Ward polls the ballots were taken in through a small window. Over the window were the words:

Voters, the eyes of 60,000,000 people are upon you.

One of the amusing occurrences of the First Ward was a good-natured tilt between a Prohibitionist and a hotel man. The pith of the argument was that when a man wanted a drink he should drink openly, and not get under a bushel.

A life-long Democrat in the Seventh Ward when he approached the polls cast the ballot containing David B. Hill's name in the gutter with the remark: "I will vote for Warner Miller—the home against the saloon."

Stephen Abbey, of Ponckhockie, aged 75 years, is one of the men who worked and voted for the election of William Henry Harrison in 1840. To-day Mr. Abbey cast his ballot for the grandson of Old Tippecanoe.

Henry E. Legg, 78 years old, talked prohibition at the First Ward polls. Mr. Legg is a vigorous man for his age. He walked in the Prohibition procession at Poughkeepsie, and when he reached Rondout, at night, on his return, walked to his home on the Saugerties Road.

The challenging by Democrats in the Sixth Ward, Rondout, of the votes of William Winter and John Fowl, is denounced. Mr. Winter has held important public offices in this City, and Mr. Fowl has been a citizen in this country for 56 years. Both men were compelled to swear in their votes.

The polls closed at 4:47 o'clock. The number of votes cast in certain wards at 3:15 o'clock was as follows:

Third Ward	500
Fifth Ward	435
Sixth Ward	448
Seventh Ward	403

IN ULSTER COUNTY.

Dispatches to THE FREEMAN from many points in Ulster County, this afternoon, state that a large vote has been polled. Every indication points that Harrison and Morton have received a handsome plurality.

ALONG THE HUDSON.

A dispatch from Hudson to THE FREEMAN to-day stated: The weather is clear. A large vote is being quietly polled.

A dispatch from Albany to THE FREEMAN to-day stated: The election is passing off quietly here. The vote promises to be the heaviest ever polled. The Republicans charge Democrats with a lavish use of money.

A dispatch from Newburgh to THE FREEMAN stated; The weather in the morning was cloudy, with signs of clearing. The vote is heavy and was cast early. In the Third Ward 250 votes were cast at 8 o'clock and in one district 350 before 9 o'clock. Hill is running ahead of Cleveland. The oldest voter at this election was Ebenezer Adams, father of Assemblyman J. C. Adams, aged 93. He cast his first vote in 1816 and has voted for 19 Presidents. He is a Republican. Hill is running considerably ahead of the ticket, though Miller will have a considerable majority. Stivers, Republican, is making gains here over Bacon, Democrat. The prospects are the great majority of the labor men are voting a part or the whole of the Republican ticket.

A DRUNKEN POLICEMAN REMOVED.

A dispatch from Troy to THE FREEMAN to-day stated: A police officer was arrested while brandishing a revolver and preventing citizens from voting. The Superintendent of Police took the officer away.

IS HILL AHEAD OF CLEVELAND?

Dispatches from a number of points in this State, to THE FREEMAN, this afternoon, stated that Hill is running ahead of Cleveland.

HERE AND THERE IN POLITICAL FIELD.

Business Men's Parade in Rondout Last Night—A Prohibition Fizzle in Kingston.

A man who will insult you immediately falls be low your level. It is customary to fight on such occasions, but by so doing you and he are once more on the same level. Forgive him and you will be happier in the end.—*Peck's Milwaukee Sun.*

The result on the principal candidates will be bulletined by THE FREEMAN to-night.

The Prohibition meeting in the Court House, Kingston, last night, was meagrely attended.

A small boy in Kingston to-day made this offer: "I'll bet twenty-four hundred dollars that Cleveland will be unelected."

Rondout Democrats had what they termed a "business men's" parade last night. Nearly all the men wore black beavers and they presented a creditable appearance, although a number of the hats looked as though they had been worn by the men's grandfathers. Many barrels were burned on Union-avenue. There were 263 men in the procession. THE FREEMAN will be pleased to see the gentlemen form in line at the Mansion House tomorrow night to witness the victorious Republican column pass by.

In one house in Kingston reside two men, brothers-in-law. One is a Democrat and the other is a Republican. Both are extreme partisans. One owns a dog. A happy thought entered the head of the brother-in-law who is not the owner of the dog. He took pasters upon which were printed in large letters an injunction to vote for his favorite candidate for Governor. He pasted one on each side of the dog's ears. The canine was very proud of the distinction and when it found its master tried to express its feelings in a demonstrative manner. So did its master.

There was a large Republican torchlight procession in Shokan last night. The S. D. Coykendall Gun Squad, the Young Men's Republican Club, of Rondout, the Marching Club and the colored Harrison and Morton Gun Squad, of Kingston, the Carey S. Connelly Gun Squad, of Port Ewen, and clubs from places along the line of the Ulster & Delaware Railroad, participated. The houses were beautifully illuminated. The procession was a long and imposing one. The paraders were provided with refreshments. Z. P. Boice, under whose auspices the parade was held, was heartily cheered for the successful manner in which he conducted affairs.

HERE AND THERE AROUND THIS TOWN.

A Scene at a Poker Party—A Dull Day for General News.

Use but do not abuse the good "the gods provide."

This has been a dull day for news.

Promised for Wednesday: Fair weather.

Green is the fashionable color for women. There are several shades.

Election returns will be read in Liscomb's Opera House, Rondout, to-night. Manager Melott, of the Western Union Telegraph Company, will have charge.

Do not be startled as you walk along the streets and hear a sharp click like the cocking of a pistol. It is only one of the photography fiends who is taking a snap picture.

Two young men on Fair street, Kingston, this morning, were boiling something in an iron kettle. In order to enlighten the curious and save the trouble of answering questions they displayed a placard: "Crow soup." They must have been Democrats.

The other night while a number of Kingston individuals were deep in the mysteries of poker, a man who had been a silent spectator for several minutes, quietly took from his pocket a cigar box containing a large garter snake and set it on the table. "What! going to put up?" was the ejaculation. Then the lid was raised and one of the men thrust his hand in. He jumped from his chair shouting "Snakes!" "Snakes!" The innocent snake in the meantime slowly crawled out on the table. Such scattering. One man in terrified tones screamed: "I've got 'em! I've got 'em," thinking he was seeing snakes because of a heavy drink he had just taken. During the excitement the table was overturned, and the snake disappeared. So did the man who had been the cause of the flurry.

IN THE LOCAL FIELD OF EDUCATION.

A Prize Winner—Sample Questions Asked of Prospective Teachers.

Education is not the end, but only the means.—*Taylor.*

Jesse C. Hazzard, of Kingston, was awarded the third prize in a competition at Rutgers College, recently. There were 13 competitors.

At the School Commissioners' examination of applicants for teachers' certificates, on Saturday, in Kingston, there were 33 candidates.

The following are sample questions asked at a late examination of applicants for teacher's certificates in Kingston:

What circumstance stimulates the salivary glands to secrete saliva copiously?

What is meant by "corner," as used in connection with the late advance in the price of wheat?

Find the cost of eighty seven shares of railroad stock at 70, brokerage ¼ per cent?

If a ton of coal last a family twenty-one days, what will be the cost of coal used by it from October 17, 1888, to April 25, 1889, exclusive of either day named, at $4.50 a ton?

[From the Newburgh Star.]

Last week diphtheria broke out it the Third Ward Grammer School. The sanitary condition of the building was investigated and it was found there was no badly defective drainage about the premises. The building has been fumigated, and the defective drains attended to.

[From the Newburgh News.]

An up-river paper thinks that Kingston has some of the handsomest lady teachers along the Hudson. The poor, benighted scribbler in the wilds of Ulster has never had a vision of the Venuses and Desdemonas of Newburgh's schools.

Had He Been Drinking?

"Give me a penny and I'll tell you a story."

[From the Walton Reporter.]

The people about Colchester station are not superstitious, but they are trying to account for the apparition which young Samuel Terry saw on Thursday. He was ploughing in an open field, when his attention was attracted by the peculiar actions of his dog. The animal seemed to be in great fear and running to him crouched down with head pointed toward a bar-way a few rods away. Young Terry's eyes followed in the same direction, and he saw the figure of a woman in a stooping posture, her head being adorned with a sun-bonnet. While he was still gazing the figure vanished. He hastened to the spot but could see no one in any direction. It would have been impossible for a person to disappear from view in so short a time, and he has since been trying to find some mystery. Meanwhile residents about Colchester are keeping a sharp lookout for an old woman wearing a sun-bonnet.

THE REV. W. E. SNOWDEN DEAD.

He Passed Away in Cornwall, Last Night, In His Seventy-first Year.

Then draw we nearer, day by day,
Each to his brethren, all to God,
Let the world take us as she may,
We must not change our road.—*Keble.*

Uriah Hand, an old resident and business man, of Hudson, died on Saturday.

A dispatch from Newburgh to THE FREEMAN, to-day stated: The Rev. William E. Snowden, Rector of St. John's Episcopal Church, at Cornwall, died last night aged 71. His last appearance in the chancel of his church was on Sunday, September 30, when with much emotion he made an appeal for the yellow fever sufferers of Jacksonville. He was born at Elizabethport, N. J. He graduated from Columbia College, and has been a minister of the gospel over forty-seven years. During the war he had a parish in North Carolina. At the close of the war he came North and has been in Cornwall eight years. He leaves a family of grown children. He was held in high esteem by the late Bishop Horatio Potter and the present Bishop Henry C. Potter. His funeral will be held Thursday.

The Nerves

Romberg says that "neuralgia is the prayer of the nerves for healthy blood." This is equally true of every form of nervous disease. If the blood is in a normal condition the nervous system receives from it the strength its functions require. Hence the all-important question of the purification of the blood again impresses itself upon us. A moment of careful thought enables us to realize why Hood's Sarsaparilla by its power to purify the blood produces cures in a great variety of diseases to an extent hitherto unknown.

Nervous Headaches

"I have been for years a great sufferer from nervous headache of an unusually severe type. I have tried a great many remedies but never found any relief till I began to use Hood's Sarsaparilla. Before the second bottle was gone my headaches were not so severe nor so frequent. I am just beginning the fourth bottle and have not felt so well for years. The confused dizzy feeling in the head is absolutely gone and my general health is wonderfully improved. I write this hoping it may induce some other sufferer like myself to try this invaluable medicine." MRS. W. S. CARTWRIGHT, Shelter Island, Suffolk Co., N. Y.

FELT MEAN.

"I have been troubled a great deal with headache, had no appetite, no strength and felt as mean as anyone could and be about my work. Since taking Hood's Sarsaparilla I have not had the headache, my food has relished and seemed to do me good and I have felt myself growing stronger every day." M. A. STEINMAN, 19 Grand-Ave., Grand Rapids, Mich.

N. B.—If you decide to take Hood's Sarsaparilla do not be induced to buy anything else.
